Special GC Council Meeting Tonight

Pollution Committee
Hopeful Of Selection
Of Bond Attorney

Granite City council members are to meet tonight in a special session for naming a bond attorney for the sewage treatment plant bond issue.

The special session at 7 o'clock tonight was called by three aldermen after a deferral was upheld Monday night on a resolution submitted for naming lawyer Horace Calvo to the post.

Mayor Davis has asserted he will veto the resolution, if approved, and is preparing his veto message. He said this week he plans to submit another name—possibly of the Oct. 7 regular session—for the bond attorney post. "I've conferred with members of the former citizens' committee," he added.

Council members met at length Monday night on the special meeting call, which was requested by Aldermen William McGee and Ford Johnson, members of the Special Pollution Committee, and Aldermen Donald Partney.

Council rules permit a special session to call a special session, but they asked the mayor to send out the notices. The mayor said he has a prior commitment and will be at a Southern Illinois Art Teachers District meeting at the high school this evening.

Urgency in the selection of a bond attorney was emphasized by Aldermen Johnson.

He read at Monday night's meeting a paragraph of a letter he had received Saturday from the U.S. Army Engineer District, Chicago, relative to the city's proposal to locate the sewage treatment plant on Granite City Army Depot property near the city's pump station.

The letter from N. W. Wrightman, assistant chief engineer, stated:

"City representatives indicated that their plan is to locate the sewage treatment plant on the Granite City Army Depot in the vicinity of the existing pumping station. Engineering studies and cost estimates stated that there are no other areas available for siting of the treatment plant. However, it was pointed out by the district representatives that it is not known if the depot property could be made available.

"Want 'Formal Proposal'"

"No further action will be taken by this office until a formal proposal is received."

SMILES REFLECT FRIENDLY SETTLEMENT yesterday of contract negotiations between Retail Store Employees Local 435 and the Associated Retailers. The two-year contract for 250 clerks and the "soft goods" stores was signed by Miss Hetty Sheppard, business agent for the union, and Maurice Rich, chairman of the Retailers negotiating committee.

GC Police Foil Looting Of Tavern In Burglary

Granite City police foiled the looting of a tavern as burglars were active at two taverns and two service stations Tuesday night. One young suspect was held for investigation in connection with one of them.

Merchandise was stacked near the front door of Butz's tavern, 2401 Washington avenue, ready to be moved out, after police arrested the suspect who was seen leaving the place at 2:45 a.m. Wednesday, Detective Michael Dwyer returned to the neighborhood to check the establishments. He found them closed.

After leaving him at the station at about 2:45 a.m. Wednesday, Detective Michael Dwyer returned to the neighborhood to check the establishments. He found them closed.

\$196,900 Scott AFB Contract Goes To Aro-Dressel Corp.

A \$196,900 contract which includes supplying a half million gallons of milk and other dairy products to Scott Air Force Base has been awarded to Aro-Dressel Pools Corp. here (formerly Dressel Pools Corp.).

Announcement of the contract award was made yesterday by Jon Dressel, president of the dairy firm, said his firm has supplied a portion of the dairy products, but the contracts had never been in the large amount.

He added that the award will permit seasonal layoffs at the local dairy which employs 125 persons, including 45 in the plant at Niedringhaus avenue and Benton street.

The layoffs usually result due to a decline in the manufacture of ice cream milk.

Day, Night GED Classes To Begin Next Monday

The Venice city hall will be the location Monday for initial meetings of Madison-Venice area day and night classes in general education development. Future meeting places will be determined at that time.

Daytime adult students will meet from 8:30 a.m. to 2:30 p.m. five days a week from Sept. 30 to Nov. 15. Evening students will meet from 7 to 10 o'clock five nights a week, beginning Sept. 30 and continuing for about eight weeks. Registration has been handled at the Illinois State Employment Service office.

Those successfully completing the instruction will qualify for high school equivalency certificates.

ATTACK BY POLICE DOG was simulated only by the officers, Collinsville Patrolman William Mathias (left) and State Trooper Ronald Gruner. "Dusty," a three-year-old 90-pound German shepherd, is always in earnest, having been taught as part of his training to hate anyone except his master. The demonstration took place at yesterday's Madison Rotary luncheon. Mathias has protective padding on his arm. (Related story on page 5.)

Clerks, Retailers Sign New Contract

Two-Year Pact Grants
Six-Cent Boost First
Year, Five Cents In 2nd

A new two-year contract, marking 10 years of peaceful relations, is being signed this week by officials of Retail Store Employees Local 435 and the Associated Retailers.

The contract grants a six-cent hourly increase the first year and five cents the second year, will replace the present agreement which expires next Tuesday.

Its terms were ratified Tuesday night by "softgoods" store clerks voting 130 to 17 during a meeting at the Labor Temple.

Stores Open Vets Day
Included in the new contract is a provision for stores to be open on Veterans Day, Nov. 11. The day will be on Monday. Clerks working eight hours that day will be paid for 16 hours.

Currently, hourly rates are \$1.99 for men and \$1.66 2/3 for women clerks.

The "soft goods" stores include most drug stores, furniture stores and bakery shops.

The grocery contract was signed earlier this month, and negotiations are continuing with the drug stores, bakeries and furniture stores. Only the drug stores' contract expires Oct. 1.

CRASH KILLED, Robert

GC Trucker Killed In Crash Near Pontiac, Ill.

Robert Loar, 38, a truck driver of 2921 Edgewood avenue, was killed about 6 a.m. Tuesday when his tractor-trailer hit the rear of a smaller truck on U.S. 66 near Pontiac, Ill.

The victim's truck driver, Gene Dietrich, 18, of Dallas City, was injured seriously. Police said both trucks were southbound.

Loar was born in Altamont, Ill., and lived here four years. Before that, he lived in Joplin, Mo. five years. He has driven trucks for the Wilson Freight Forwarding Co. for eight years.

Survivors include his wife, Lillian; two children at home, Laura and Glenn; his parents, Mr. and Mrs. Roy Loar of Altamont; a brother, George Wayne Loar of Montgomery, Ala., and two sisters, Mrs. Elizabeth Stark and Mrs. Evelyn Herman of Springfield.

Funeral arrangements appear in today's obituary column.

Due Date To Be Removed From County Tax Bills

The due date on Madison county tax bills will be removed, according to an agreement reached by George Musso, county treasurer, and a committee of five townships tax collectors.

The collectors objected to a phrase on the bills which states that after June 1, taxes must be paid at the office of the county treasurer rather than to the township collector.

Chicago Port Offers To Aid Tri-City Port

Development of the Tri-City Port on the Chain of Rocks canal will receive the cooperation of the Chicago Regional Port District and the Chicago Association of Commerce and Industry.

A delegation of 16 Quad-City officials inspected the multi-million dollar port facilities at Chicago's Navy Pier and Lake Calumet during an all-day excursion Tuesday.

They were given assurance of Chicago's cooperation and the benefits of its experience. The port made by the Tri-City Port Board.

The group also toured the port's inspection Chicago's ports, first viewed the city of Chicago's Navy Pier before heading to Lake Calumet.

Along the Calumet River, they traveled the "Billion Dollar Mile" (the exact length of the harbor on Chain of Rocks canal). It was lined with huge industrial developments attracted to the sites by international transportation facilities.

Parallels Local Port Plans
The Calumet port area with its huge tank "farms" for petroleum, food and chemical liquids, its gigantic grain handling and storage sections and warehousing features highspeed loading and unloading equipment for ships, rail cars and trucks. A similar development is planned at the Tri-City Port.

The group also toured the Chicago River by boat before going to the Chicago Yacht Club for luncheon and conferences with the top officials of the Chicago Port Authority.

A highlight of the inspection tour was a visit aboard a cargo passenger ship from Rotterdam. Also impressive was viewing operations of loading and unloading equipment for all types of cargo carriers.

Illinois Largest Exporter
It was brought out that Illinois is the largest exporter in the U.S., and that Chicago is currently in its greatest year as a seaport.

Making the trip were Carl Rantl, H. D. Karamideff, Harold R. Fischer, Joseph Grant, and John Belloc, all Tri-City Port commissioners; Port Manager John Bannister; Port Engineer Chester Baker, State Rep. Lloyd "Cherry" Harris, Earl Mathias, E. G. Schmidt, Edward Jeneau, James Hark, William Gray, Donald Sodergren, Harlan Dohy and W. J. Edmonds.

11 Candidates Seek 5 Posts; Tax Rate Big Topic At Meeting

(Related Story on Page 3B)

Mitchell area residents will vote Saturday on the establishment of a proposed park district, also for five commissioners to run the district if it is approved.

A public meeting was held Tuesday night during which debate centered on possible tax rates.

Voting, from 6 a.m. to 6 p.m. at the old Parish Hall across from Paul's Garage, will determine: (1) if a park district is to be established (for or against), and (2) if approved, who will compose the five-member board of park commissioners.

A legal opinion obtained by the board indicated that the maximum rate that could be levied after formation of the district would be eight percent on each \$100 assessed valuation. Another interpretation is that the corporate rate would be limited to five cents under the Hodge-Butler bill.

If a later election was held to increase the general tax rate, approval by voters would boost the maximum to 12 cents. The original law specified a 10-cent limit on the maximum rate subject to increase to 15 cents by voter authorization, but these figures are reduced to eight cents by the Hodge and Butler amendments.

The amount of the rates would depend on the levies voted by park commissioners, but can be less than the authorized maximum.

The proposal to include 8.8 square miles (5625 acres) in the Mitchell school gymnasium drew controversy since May 7 when the original petition, signed by 123 taxpayers, was submitted to Madison County Judge Michael Kinney.

Tuesday night's meeting at the Mitchell school gymnasium drew about 60 people, less than anticipated. Opposition—expected to be heavy—was limited to about a half-dozen voices.

Discussion Of Handbills
Pre-meeting conversation centered on mysterious anti-park handbills which have been distributed in the area. Questions were partially answered when a couple, Mr. and Mrs. William Short of 133 Douglas place, entered and passed out two different handbills.

Short told the Press-Record he had not placed a third type of handbill in mailboxes last week. He said he was distributing handbills for someone else—but he wanted to say who.

One handbill was signed "MAATEP," but Short said he did not know what the initials stood for.

"About all I can figure is 'Madison Association of Anti-Tax Payers,'" one candidate said. The meeting started calmly enough with a 45-minute color film on the benefits and activities of the Granite City park district. The discussion part of the program began about 8:45 p.m.

Anteile "Harry" Breckner of 538 English place, first of 11 park board candidates to file and an officer in the Mitchell Park & Athletic Association, presided and introduced six other candidates.

Candidates Introduced
John S. Breckner, 511 Fleming place; Marion Sparks, 912 East Chain of Rocks road; Boyd C. Scholten, Rural Route One; James Wendell Corey, 620 English place; Franklin Delano Chapman, 635 Tennessee avenue; and Edward C. Young, 668 Chouteau avenue. An eighth candidate, John E. Sands of 1011 East Chain of Rocks road, came in late from work.

Three other candidates—Roy H. Green, 112 Springfield avenue; George "Bud" McKinnon, 555 Chouteau road, and Otis Charles Scholten, 4588 North road—were not seen at the meeting.

Breckner's opening remarks—repeating the association's hope of providing children with play-space and family time with picnic and recreational areas—were interrupted by questioning opponents.

Before long, discussion gave (Continued on Page 24, Col. 5.)

Accident Verdict
In Bridge Fatality

A verdict of accidental death
was returned Tuesday morning
at a St. Louis coroner's inquest
in the fatal injury of Willie Lee
Hardman, 29, St. Louis, a for-
mer Venice resident, by an auto
on the McKinley Bridge Sept. 20.

Testimony indicated that the
pedestrian crossed the bridge
from the north side toward the
middle of the bridge, entering the
path of the westbound auto of
Helmud R. Mueller, 2442 Lincoln
avenue.

It is believed Mr. Hardman
was still being grazed from a
crash a few minutes earlier in
which his auto left Illinois Route
Three at the Venice city limits,
went down an embankment and
rolled over and for a distance
of 200 feet. A man and woman
thought to have been in the car
when it was demolished escaped
apparent injury and did not ac-
company him onto the bridge.

Bus Pass Sales At
4 Quad-City Banks

The four Quad-City banks
were announced this week as
the local points where \$12
monthly Bi-State Transit Sys-
tem bus passes may be pur-
chased. The sale of October
passes began yesterday and
will continue through Wednes-
day, Oct. 2.

A similar schedule of the 25th

City.

The passes, which become ef-
fective on the first day of each
month, permit unlimited riding
within the central fare area's
eastern district, including the
Quad-Cities, East St. Louis,
Edgemoor and Cahokia. Zone
charges will be added for longer
trips, but overall cost to riders
will be less than at present.

Sale of the passes by mail will
begin in November.

Special GC Council

(Continued from Page 1.)

A proposal is received. This proposal should contain complete economic justification and related considerations which may affect government action. No assurances were given that city representatives as to whether favorable government action would be given or as to time required to complete action on their proposal.

Johnson stressed the lack of time to select a bond attorney. "The state has given us a Dec. 1 deadline to show proof of a bond issue for financing a treatment plant."

At an earlier meeting, it was pointed out the special bond attorney, not the city attorney, would have the task of making application to the Chicago Corps of Engineers District for use of depot property. Other names mentioned have been former city attorneys John Gitchoff and William Beatty.

Monday night's deferral on the Calvo appointment resolution, which had been placed on first reading last week, was postponed to Tuesday, was made by Alderman Mrs. J. D. Bergfeld.

In the absence of Ordinance committee chairman Walter Norn, the resolution and contract proposal were read by contract member Edmund Baronski. He declined to make a recommendation, but Alderman McGee called for final approval.

Presents Three Questions
"I have three questions," Mrs. Bettine said.

"Was the resolution drawn up by the city attorney?"

City Atty. George Filcoff Jr. replied, "No."

Does the city attorney know what it contains?" she asked.

Filcoff, who was attending an Army reserve meeting and missed last week's adjourned meeting, replied that he was aware of its contents and that they were virtually the same as proposed initially for a bond attorney under the citizen program.

The third question was two-fold. The alderwoman asked if the bond attorney proposal that had been discussed at the Monday night session could be brought back at the Tuesday adjourned meeting and if Filcoff did not have a conflict of interest in that he was attorney for a Granite City who had filed a suit against the city.

She was told the resolution was submitted when the Special Pollution committee was called upon for its report at last week's adjourned session on Tuesday. At last week's Monday night meeting, the council had voted down Mayor Davis' selection of lawyers Lane Callis for the bond attorney post.

Legal Opinion Pending
City Atty. Filcoff said he would have to submit a legal opinion on the conflict of interest question.

With that, Mrs. Bettine called for deferral. Bergfeld made the second request, and Mayor Davis ruled "no debate."

The council proceeded with other business and at 9 p.m. Mayor Davis called for adjournment for committee meetings.

Johnson then produced the letter from the Chicago Corps of Engineers District, and McGee called for a special meeting on Wednesday to hear the legal opinion on conflict of interest and for action on the resolution.

Calvo is attorney for Charles Barth, who filed suit in the circuit court asking that the city's contract with United Disposal Corp., St. Louis, for garbage and tin can collection be declared null and void. The suit probably will not be presented in court for six to eight months, and he could ask his client to obtain another attorney.

Filcoff said that with other business, he probably could not have the opinion by Wednesday. Several aldermen said they could not attend.

Mrs. Bettine said her deferral motion was deferred until the next regular session on Oct. 7.

Date Is Changed
The special meeting date was switched to Thursday.

Mayor Davis and several aldermen said they could not attend.

McGee stressed the treatment plant was important and should take precedence over other affairs. It was pointed out that the committee chairman, Alderman Charles Morel, was on vacation. McGee said he was on vacation and was out of town.

Samuel Whitmer added that he had cancelled other arrangements to attend last week's adjourned meeting. "I would have liked to have been at the ballgame, too," he remarked.

Mayor Davis began rolling his gavel on his desk top.

Alderman Partney urged conformation of the special meeting. "We can't settle this tonight, but we could at a special meeting this week."

McGee reminded the members, "Granite City can be in trouble Dec. 1 if the council stalls."

Largest Held In District

Over 425 Attend Methodist Church Workers School Here

A school for Christian workers held this week at Niedringhaus Memorial Methodist Church, ended last night for over 425 church workers from 40 churches of the East St. Louis district of the Southern Illinois Conference of the Methodist Church.

Termed an outstanding feature of the school was a class taught by Bishop Edwin E. Voigt, Springfield, resident bishop of the Illinois area. His class was entitled "Introduction to the Old Testament."

Another class was for ministers. It was entitled, "Counseling and Pastoral Care," and was led by Dr. Edward L. Hoffman, pastor of First Methodist Church, Carbondale.

During the sessions, which opened Sunday, 15 classes were held for five two-hour meetings.

Schermer Bros.

Supermarket To

Mark 60th Year

The Schermer Brothers Market—largest independent supermarket in Madison county this year—will begin a five-week observance of its 60th anniversary.

The store was founded in 1903 as a neighborhood market by the late Herman Schermer, whose three sons—Leo, Avery and Stanley—are the present owners.

"Throughout the 60 years it has remained at the same location, 1218 1/2 street and Madison avenue, Madison, although it has been rebuilt after three fires and also has been extensively remodelled and expanded."

Special sales are planned during the five weeks, and awarding of prizes will begin in the second week.

Fleet Venice Youth

Escapes From Police

An elusive Venice youth led police on a lengthy chase yesterday and he was still at large this morning after leaping from a patrol car.

Raymond Coleman, 19, of 184 Viola Jones Homes, was arrested by Venice police on a contempt of court warrant issued by Madison Magistrate John Bridgick. Coleman had not paid the entire \$33 he was fined after being arrested May 30 for speeding and passing a stop sign on State Route 67a at Bend road.

Taken to the Venice police station at 1:15 p.m. yesterday after being arrested at home, he jumped from the squad car and raced through the adjacent park.

He ran across the railroad tracks and police lost sight of him. Later Coleman was spotted on Broadway but again got away.

Then he was seen at Wiggins and Fourth streets, but he ran through a field behind Lovejoy School and escaped again. This was about 2:20 p.m.

Venice police have issued a warrant charging Coleman with resisting arrest.

Smith Plant Weed Fire

Firemen from The West Granite fire station were called to the A. O. Smith Corp. plant at 7:20 p.m. yesterday to extinguish a weed fire. It was out at 7:45 p.m.

PINOCHE CLUB HOLDS MEETING
The Reneigens pinocle club met last night with Mrs. Barbara Sherman, 2108 St. Clair avenue.

Prizes were won by Mrs. Barbara Smith, Mrs. Janet Spalding and Mrs. Judy Bumbury. Seven were present.

The next meeting will be held in the home of Mrs. Spalding.

most aldermen had other conversations and paid no attention to the committee. "We have asked for a caucus-type meeting to discuss the program without procedural difficulties."

Deferral Action Disputed
The process of deferral of action on requests by two aldermen also was questioned.

Johnson suggested the council "go back a couple of hours and get rid of the deferral."

ATTY. Filcoff pointed out the deferral procedure has been followed in the past and the council had set its own rules.

Mrs. Bettine said it was part of the system of "checks and balances." She added, "It works for either side. A 3 1/2 vote you were happy with a deferral. Tonight you don't want it; next week you might want it."

The motion for the special meeting this evening was approved, and the council adjourned at 8:20 p.m. with comments by several aldermen that there probably would not be a quorum.

3 Persons Hurt

In Area Traffic Mishaps This Week

Injuries were suffered by three persons in three of 13 traffic accidents occurring in and near the Quad-Cities this week.

Mrs. Julie Wise, 18, of 2837 Edwards street, a passenger in an auto driven by her husband, Walter L. Wise, 22, was injured in a three-car accident at 5:15 p.m. yesterday at St. Clair avenue and Nameoki road.

She was given emergency treatment and x-rayed for a pain in the left shoulder and abrasions to both knees at St. Elizabeth Hospital and was released.

The accident occurred as the Wise car and a taxicab driven by Utah C. Downs, 39, of 64 Garbache Homes, Madison, struck an auto driven by Ruth Z. Seymour, 3404 Lydia lane, as it went out of St. Clair avenue and onto Nameoki road. She was charged with a right-of-way violation.

Both sides of her car were damaged while the fronts of the other two vehicles were damaged.

Highway Accident
Edward Campbell, 18, of 228a Broadway, Venice, was injured at 2:10 p.m. Monday as his auto hit the rear of a truck when he attempted to make a left turn out of Highway 111 onto Poag road, state police reported.

Driver of the truck was Carl H. Strasen, Edwardsville. Campbell was admitted to St. Elizabeth Hospital with abrasions to his face and hands and lacerations to the left upper chest.

Hits Pole
Dennis Tolbert, 25, of 2035 Dewey avenue, injured his right wrist when he lost control of his car and struck a utility pole at 4:45 a.m. Tuesday at 22nd street near the rail crossing. He was taken to St. Elizabeth Hospital where he was given emergency treatment, x-rayed and released.

Even the fellow who has plenty of pull can't get along without a little push.

Meeting In Madison

Council Of Mayors Hears Court Structure Changes

Changes in the court structure under the new judicial amendment were explained by St. Clair County Chief Circuit Judge Richard Carter at the meeting of the Southwest Illinois Council of Mayors last night at the Madison Firemen's hall.

Beginning with the first of the year, he noted, police magistrates will be paid by the state rather than by the cities. Fines on local violations will go to the municipalities, but costs will be paid to the state, he said.

He explained the uniform traffic violation ticket. Other changes on the local level will be made after April 1, 1965, when terms of current police magistrates expire, depending upon action by the State Legislature.

He explained the uniform traffic violation ticket. Other changes on the local level will be made after April 1, 1965, when terms of current police magistrates expire, depending upon action by the State Legislature.

24th-Madison Accident
Vergie M. Daniel, 53, of 3124 Colgate avenue was charged with following too closely when her auto and a car driven by Francis G. Holsten, St. Louis, were involved in an accident at 11:15 a.m. yesterday at 24th street and Madison avenue. Holsten said he was halted on Madison, waiting to make a left turn onto 24th when he was struck in the rear.

Last night's meeting was the first since a summer recess and drew one of the largest turnouts of the organization, Charles Van Preter, vice-president of the council, presided over the meeting in the absence of East St. Louis Mayor Alvin Fields, council president, who was in Chicago.

Collinsville Speeder
Leo E. Schuck, 25, of Collinsville was arrested at 12:10 p.m. yesterday by Granite City police on a charge of speeding at 20th street and Madison avenue.

The Potomac River is about 550 miles long.

Peters Receives Award Honor From Surveyors

A Granite City, Carl Peters, 3004 Fehling road, has received a superior achievement award after completing a 12-week course in the theory of surveying. It was announced today by the Southwest Chapter of the Illinois Registered Land Surveyors Association.

Peters, a professional licensed engineer with A. H. Seebold Co., was one of five students in a class of 33 to receive the superior award for a grade average of 95% or over.

Among the instructors for the course was Paul Hagler of Granite City. The sessions were held in the offices of East St. Louis engineer David J. Johnston. Hagler is an instructor for the association.

A second class is to be started next week and probably will be held at the East St. Louis high school, Hagler said.

Dow, Union Sessions Bog Down In St. Louis

Negotiations between Dow Metal Products Co., Madison, and United Steelworkers Local 4804 broke off again yesterday with no immediate prospect of ending the union's 28-day old strike. Bernard O'Keefe, federal mediator in St. Louis, said the two sides have met with him 13 times—four before the Aug. 30 walk-out and nine since.

He said he had no record of the number of hours spent in negotiation but said the length of the meetings ranged from a few hours to practically day-long sessions. Yesterday's session lasted five hours.

The union has about 700 members employed at the firm, a division of Dow Chemical Co. which manufactures light metal products. No further meetings have been scheduled by the mediators.

No class has been found in efforts to locate a 16-year-old Madison boy, Jessie Harris, son of Mrs. Jammie Harris, 912 State street, who left his home on the night of Sept. 2 after giving his Madison high school books to a classmate.

The family said today he is five feet, five inches tall, weighs 130 pounds and has brown eyes, red hair and freckles. He was wearing a gaiter when last seen.

Young Man Surrenders

Raymond Coleman, 19, of 244 Volin Jones Homes, surrendered to Venice police about noon today. He had been sought after eluding police yesterday. (See related story elsewhere in today's edition.)

20 Thefts, Related Crimes Reported To Area Police

Twenty burglaries, thefts and attempted break-ins were reported to Quad-City police departments since Monday, including a theft of a drive shaft from an auto, an IBM machine, a Masonic and high school class rings and two spare tires.

An attempted break-in at the Parkway confectionery, 2701 Benton street, was reported to Granite City police by Mrs. Hazel Cline, 2313 Edwards street, at 9:50 p.m. yesterday. Two windows on the west side of the building and a door window were broken. No entry was made. Police said the attempt was made by three 12 and 13-year-old boys.

A drive shaft was taken off a 1950 automobile while it was parked on the used car lot of the Young-Jordan Auto Sales, 15th and State streets, Tuesday night. It was reported to Granite City police at 10:50 a.m. yesterday.

IBM Machine Stolen
Herbert Giesing of St. Louis reported to Granite City police at 10 a.m. today that an IBM machine was stolen from his lot to which it was parked in the Granite City Steel Co. parking lot, 20th and State streets, at about 2:30 p.m. yesterday.

A white gold Masonic ring with a large diamond and eight small diamonds was stolen from the trousers pocket of Roy McBride, East St. Louis, a Terminal Railroad Association switchman, while he was taking a shower before leaving the Venice yards at 12:30 a.m. Wednesday, Venice police were notified.

Robert Burnett, 2901 Circle drive, reported to Granite City police at 6:20 p.m. Tuesday that a class ring valued at \$23 was taken from his locker at Granite City high school.

Purse Stolen
While her auto was parked on the Rose Bowl restaurant lot Tuesday night, a thief stole the purse of Mrs. Jane Johnson, 2121 Johnson road. It was reported to Granite City police at 11:20 p.m. Tuesday. She said it contained no money.

Billy Wilkinson, 2340 East 24th street, reported to Granite City police at 6:45 p.m. yesterday that a boy's black and red bicycle was stolen during the previous weekend.

A boy's red and white bicycle was stolen from the home of Charles Brey, 616 Lincoln avenue, Venice, Tuesday night.

Youth Arrested Twice Joined By Friend

Charles Ray, 17, of 2504 Denver street, has been in and out of the Granite City jail this week, and he was joined by a friend at 2:45 a.m. today.

He was picked up first early Wednesday after being spotted driving a car in the vicinity of 24th street and Washington avenue and was charged with a curfew violation at 11:20 a.m. He was fined \$25 and \$5 costs by Police Magistrate Gasparovic.

The \$30 was paid at 7:10 p.m. and he was released.

Then at 2:45 a.m. today, young Ray and Billie Castillo, 20, of 2118 Missouri avenue, were arrested at 21st street and Cleveland blvd.

Ray again was charged with a curfew violation as well as having a fictitious license plate and an unexpired driver's license. Castillo, who was charged with being drunk and having illegal possession of a dangerous knife, was granted a change of venue today morning by Gasparovic to the court of Justice of the Peace Harry Hartman.

Cyrus S. Henshaw Dies In Belleville

Cyrus S. Henshaw, 74, of Glen Carbon, former superintendent of the Veterans Assistance Commission of Illinois, died at 3:15 p.m. yesterday at St. Elizabeth's Hospital in Belleville.

He retired two years ago after serving 10 years as superintendent. Prior to that, he was superintendent of the Madison county commission.

Born in McAllister, Okla., he lived in Glen Carbon most of his life. Mr. Henshaw was a member of Edwardsville Lodge 99 AF&AM, Madison Branches, Veterans of World War I, the VFW and was first commander and held a lifetime membership in the Harry C. Sexton Post 433 in Glen Carbon. He was affiliated with the Glen Carbon Methodist Church.

Survivors include his wife, Elizabeth, and a sister, Mrs. Rudolph (Alice) Schiber of Glen Carbon, three brothers and three sisters preceded him in death. Funeral arrangements are listed elsewhere in today's paper.

Use Of Police Dogs Shown At Club Meeting

Use of police dogs was demonstrated yesterday to Madison Rotarians, who had as their guests Police Chief Raymond Willard of Granite City and Stanley Wojcik of Madison. Purposes of such a dog for use in the Quad-Cities has been discussed by local cities.

Talks by State Trooper Ronald Gruner and Collinsville Police Officer William Mathis related how police dogs can be used effectively to detect prowlers, capture escaping criminals, chase a suspect's trail, control crowds and perform other assignments.

Since each dog is expendable and can be kept under control by his master, use of policemen in high-risk assignments—such as searching for a fugitive in a dark building—can be reduced, the club was told.

Taught To Hate
While basically a friendly dog, the German shepherd is taught to hate all but one person during rigorous training.

"Dusty," Gruner's three-year-old 90-pound dog, can work with other police dogs but Mathis' "Rex," four years old and weighing 100 pounds, hates dogs as well and pulled Mathis to the ground once yesterday in trying to reach "Dusty" during the outdoor demonstration at the Madison recreation center.

German shepherds are preferred because they will merely hold a suspect after being allowed to grasp his right arm in their mouth. Doberman bites and rip repeatedly and thus do not make the best dog for general police use, the officers related.

The dogs are taught to mistrust even their master's family to the rule—let they lose their willingness to attack when ordered. It is possible but extremely difficult to switch a police dog's allegiance to a new master when his old one retires.

State police now have two dogs and expect to have 45 within three years. The Collinsville department has one dog.

Myatt Arrested Today

Gerald Myatt, 1937 Rhodes street, was arrested by Granite City police at 9:15 a.m. today in the 3800 block of Kirkpatrick Homes on charges of being drunk and creating a disturbance.

Mr. and Mrs. Donald L. Wiggins, 2017 Madison avenue, are announcing the birth of a son, John Kenneth, Tuesday at Christian Welfare Hospital, East St. Louis. The infant weighed seven pounds, two ounces.

Mrs. Wiggins is the former Eleanor Rickert. The grandparents are Mr. and Mrs. Adolph Rickert and Mrs. Hazel Wiggins and the late Kenneth Wiggins.

\$24,256 City Sales Taxes Listed For May

Local cities will receive \$24,256 in half-cent-a-dollar sales tax income based on May liability, the Illinois Department of Revenue announced today. The figure consists of \$20,152 for Granite City, \$3,293 for Madison and \$816 for Venice.

The \$24,256 total, highest for the year, brings 1963 revenue to \$114,697, including \$22,417 in January, \$21,401 in February, \$23,133 in March and \$23,267 in April. Of the \$114,697, Granite City's share is \$93,714, Madison \$16,799 and Venice \$4183.

For May 1962, Granite City received \$20,681, Madison \$393 and Venice \$908, an aggregate of \$25,520.

Verdicts Announced In Three Deaths

Three verdicts were returned in inquests conducted last night by Deputy Coroner Henry Pieper.

Verdicts of suicide were returned in the deaths of Mitchell Rusick, 23, who was found shot in his home at 2735 Michigan avenue, Sept. 16, and Paul McAnaney, Glen Carbon, found hanged in a shed near his home Sept. 18.

The death of Mitchell Kovic, 33, of 4853 Warnock avenue, was ruled accidental. He died of second degree burns over the entire body in a blaze Sunday night at his home.

Devis Kitchen Lake reported a sad story with the bass and bluegills returning to the depths after two weeks of near-surface activity. Fishermen the latter part of the week reported few catches. Crab Orchard Lake

DOWNSTATE FISHERMAN'S GUIDE

A seven-pound largemouth that fell victim to a trolled lure sparked an otherwise dull week on Southern Illinois lakes. A number of the area's most successful fishermen have temporarily deserted the hook and line to range the hedgerows and farm ponds for mourning doves or the woods where squirrels are cutting in the nut trees.

George Bates of East St. Louis, trolling the shoreline at Little Grassy Lake, connected with the 7½-pound bass. He was using a Sonic lure, according to boat dock operator Huck Ittensohn. Other bass catches were made with surface lures and plastic worms, indicating the fish haven't made up their minds whether to forage in the shallows or the depths.

Max Anderson of Belleville had a 9½, a 3 and a 2½-pounder on the new surface lure imported from Finland while Lew Jones of Belleville caught four, ranging up to three pounds, on plastic worms. John Fohr of Carbonate caught six on a surface lure and Bud Maher of East St. Louis caught six on minnows. Charles Dickerson of Champeau caught 39 crappie, on minnows, in a shed near his home.

The death of Mitchell Kovic, 33, of 4853 Warnock avenue, was ruled accidental. He died of second degree burns over the entire body in a blaze Sunday night at his home.

Podoba Hobbled As Madison Tests Comanches

Defending Champs Visit Trojans For Midwestern Kickoff

Madison and Cahokia, the top dogs in the Midwestern football conference for the past two years, will meet Friday night on the Trojans' field in a MWC opener which could go a long way in deciding who will grab the marbles this fall.

Trojan Coach Glen Pickering rates his club an underdog, especially since Cahokia, who sparked an offense and as a defensive end against Granite City last week, is hobbling around the halls of MHS this week on crutches and definitely is sidelined this week, if not for the remainder of the season.

Podoba dislocated bones in his foot and tore some ligaments late in the Granite City game. He was released from Jewish Hospital Tuesday night after treatment and x-rays showed no fracture.

"Nick's loss will hurt us, of course," Pickering said, "especially after the way he looked against Granite City. With him in there Friday, I'd say we would have an opportunity to knock off Cahokia. Without him, we'll really have to play some football."

Comanche Coach Pete Truran, who found himself with a veritable football goal mine when

he took over from John Dal Santo last year, isn't looking past Madison, however.

"Sure, we took them pretty good last year (the 27-6 Cahokia win was the first for CHS in seven meetings with Madison), but I'm not comparing this year's team to the 1962 conference champions yet," he commented.

"We're solid defensively, but our offensive line doesn't have the speed we had in '62." The Comanches were held to less than

100 yards rushing by an inexperienced Western Military defense last week, and Cahokia struck three times through the air to score a 27-0 win and even its record at 1-1 for the season.

That portion of Cahokia's attack was the chief problem at Madison in Madison scrimmages this week. "We'll have to stop their passing game if we hope to win," Pickering predicted.

The most successful combination against WMA proved to be the pitches of quarterback Lar-

ry Schumake to left end Tom Stein. They were good for two touchdowns. Schumake also hit fullback Don Karr, the only 1962 offensive regular back this fall, with another TD heave as the Comanches rolled up almost 200 yards via the airways.

The three scoring passes covered a total of 93 yards, a pretty good indication that Schumake, who didn't get the opportunity to throw too often last fall with running backs the likes of Tytus Winslow in the CHS stable, can throw the long "bomb."

Cahokia also appears solid defensively—having allowed only one score in two games—and the offensive backfield for tomorrow's

Midwestern opener averages out at 172 pounds, respectable by MWC standards.

Statistics against WMA might be a bit misleading, too. Four fumbles and a pass interception cost Cahokia possession each time at Western. "And we had three long gainers called back because of penalties," Truran remembered.

Harper, White Move Up

Castling about on his bench for a suitable replacement for Podoba, who hasn't played a minute of football prior to this fall but picked up over half of Madison's rushing yardage last week, Pickering chose junior Len Harper as Podoba's replacement at defensive end and moved Lester "Flea" White up to the first offensive unit as a half-back.

Everybody else in the MWC

sinks its teeth into the conference schedule Friday night, after two weeks of relatively rough treatment at the hands of outsiders. Roxana (0-2) will journey to Bethalto (0-2), and Dupu (0-2) will call at Highland (1-1).

GC Among 18 Schools In Invitational Run Fri. At Edwardsville

Eighteen schools from either side of the Mississippi River have entered a meet in the first annual Edwardsville cross-country invitational which will be run at 4:30 p.m. tomorrow on the American Legion golf course in Edwardsville.

Host Edwardsville, Granite City, Alton, Belleville, Collinsville, Cahokia plus O'Fallon's sophomore level also with all the above schools—with the exception of Freeburg, St. Paul and East St. Louis, Wood River more runners.

Cahokia, Triad, Freeburg, St. Paul of Highland and Pinckneyville will be joined by Missouri representatives Beaumont, Southwestern, Sumner, Soldan, Vashon and Riverview Gardens, the favored team.

Each school may enter seven runners in the two-mile event, with a field of 128 possible. There will be competition on the sophomore level also with all the above schools—with the exception of Freeburg, St. Paul and East St. Louis, Wood River more runners.

TOPPING THE TROJANS In individual performances last week against Granite City were guard Jack Miller (left) and halfback-end Nick Podoba, who were selected as linemen and back of the week, respectively, by the MHS coaching staff this week. Podoba, who rushed for 51 of his team's 94 yards on the ground, is sidelined indefinitely with a foot injury. Miller was credited with good defensive blocking against the Granite City line.

Shells Run Past MHS Harriers, 17-49

Grabbing the first three places and seven of the first 10 spots in Madison Tuesday afternoon, Roxana's cross-country crew easily outdistanced the Trojans in a dual high school meet, 17-49.

Dan Taubbee overtook teammate Bob McNabney late in the race to win in the time of 10:04.

McNabney was second in 10:09 and the Shells' Gary Pointer third in 10:18.

Fourth place Ollie Wright was Madison's first finisher in 10:40, but Roxana runners took the next four spots. Dennis Vinyard was fifth, Gary Cook sixth, Bill Willis seventh and Tony Nesbit eighth.

Cecil Bell of Madison was ninth and teammate Elwood Besserman 10th. Al Downes was 12th and Vic McLaughlin 14th. It was the first competition of the fall for Coach Earl McClanahan's thinclads.

Madison will travel to Bethalto this afternoon for a triangular meet with the host Eagles and Western Military of Alton.

Warriors Top WR Harriers

25-30; Lomax First Again

Granite City runner Gary Lomax scored his second win in three cross-country outings this fall here Tuesday afternoon to lead Coach Dick Harmon's Warrior varsity harriers to a 25-30 win over Wood River.

Harmon did not see his team win, he was in St. Louis where his father was undergoing surgery at Jewish Hospital.

Lomax logged over the 1.9-mile course in 10:11, the best time of his career. Steve Nelson of Wood River was the second place finisher in 10:21 and Gene Dycus of the Oilers came in third in 10:36.

Warrior runners grabbed four of the next seven places. Moe Lambert was fourth in 10:28, Gene Sternberg fifth in 10:30, Pat Harris seventh, Steve Stamps eighth and Pat Kincaid 12th. Lambert and Sternberg were clocked in their best efforts of the season.

JVS Win Easily

Granite City jayvees easily walked off with their portion of the afternoon's activities, 15-53. GCHS runners took the first five places and eight were among the first 10 finishers.

John Bull won the event in 10:52. Mike Nichols was second in 11:13, Larry Grooms third in 11:25, Larry Crews fourth in 11:32 and Tom Shands fifth in 11:38.

Keven Grimsley was Wood River's first finisher in sixth place. Mike Forcade was eighth, Larry Pritchard ninth and Lauren Lapinski 10th for Granite City, which will enter the Edwardsville invitational meet tomorrow afternoon. Riverview Gardens of St. Louis is favored.

GC Seeks To Get Off On Right Foot Against Kahoks

Squads Bring 2-0 Records Into First Conference Contest

It's time again to separate the men from the boys, as far as Granite City high school football Warriors are concerned. Standing on the threshold of another Southwestern Conference schedule which will open here tomorrow night when they meet Collinsville, the Redmen might appear to be a carbon copy of the 1962 outfit which also stood 2-0 at this point in the season.

That club went on to drop seven straight, including all six with SWC opponents, and it was the Kahoks who started GC's trip to the cellar with an 8-0 win.

One year and one coach later, the Warriors are back to try again. "Right now," says first-year mentor Jim Morrison, "it has to be our biggest game of the season. If we can get over the hump, we may be on our way."

The Warriors will be matching wits with crafty Vergil Fletcher, who is better known for his ability to develop winning basketball teams up on the bluff, but who has coached the football Kahoks to 11 wins over GCIS in the 17 years he's been around.

"We're not in the line by conference standards, and the line isn't as fast as I'd like to see it," Fletcher said this week concerning his 1963 Kahoks.

Flattened Quincy But Collinsville pulverized Quincy last week 32-13 with a varied attack highlighted by the running of two backs, Don DeMoro and Bob Powell, after squeaking past Roosevelt, by the

way, came back with a 35-0 conquest in St. Louis last Friday. DeMoro, who is listed by Fletcher as a halfback for tomorrow night's game, but will probably run more often from fullback, is the only offensive regular back from the 1962 Kahok club which was also 2-0 when it met GCIS in last fall's SWC opener.

The Collinsville line will give away an even 10 pounds per man to the Warriors, who have shown good defensive stopping power when previous opponents Assumption and Madison attempted to run inside the tackles.

Offensive Timing And, while they don't appear likely to set any school scoring record as a team this fall, the Warriors have given ground—and touched down—in a maddening manner this far, limiting two opponents to one six-point.

Morrison thus concentrates on offense generally in practices this week, and on offensive timing in particular, he said. "We were way off in the Madison game—any further off and it would have looked like basketball," he commented wryly. "But the boys looked good yesterday (Wednesday) afternoon. It was the best offensive practice we've gotten out of this year."

The GCIS staff came up with several offensive changes after Wednesday's workout. Norm Wilfong earned a starting spot at fullback with his showing against Madison, Morrison said, while captain Boy Pyle has been moved to right half for the game.

Hiles Meets Old Teammates Jack McKeehan stays at quarterback and Joe Hiles whose nose injury in the Madison contest did not prove serious, remains at the other halfback. The Collinsville transfer, Hiles, who tops Granite City backs with 34 carries in two games, will be up against his old teammates tomorrow night. The opposition has keyed on him in earlier games, and Fletcher's forces are expected to give him even more attention.

Halfback Nick Pettillo, who injured a leg in the first game of the Madison game, is on the doubtful list. "He may play; he may not," Morrison said. Other changes in the offensive unit find Tim Gibson moving in from right tackle in place of Chuck

A SIX-YEAR COLLECTION of football trophies dotted the tables last night at the Sportsman's Club in Madison, where proprietor and team sponsor Joe Prince (center, flowered shirt) treated members of the football club and their wives to a steak dinner. Four of the trophies were won this season in park district and Tavern league play.

Unhappy Trend Gibson will get a shot in the defensive line, also. Defensive safety Mike Mounce will spell the offensive halfbacks, Morrison added. "The way he's looked in practice we've got to give him a try."

The Warriors as a whole will be trying to put an end to the unhappy trend of dropping their opening conference game. Eight times in the last nine seasons they've come up with the short end of the stick against initial SWC opponents.

It's time to separate the men from the boys. The boon can dive under water probably farther than any other third. Dives of 50 feet have been observed.

Lincoln Place And Gitchoff Agency In 'Y' Soccer Wins

Lincoln Place scored its second straight victory in the Alton division of the YMCA soccer league Tuesday afternoon at Wilson Park. The winners turned back the Reds 2-0 on goals by Philip McQuinn and Mike Martinez.

Gitchoff Agency began defense of its Bantam division title with a 4-0 decision over Rozycki Realty yesterday afternoon. Jimmy Forrester scored three times for the winners and Phil McQuinn kicked in the other Gitchoff goal.

A second Tuesday afternoon contest in the Midget division ended in a 2-2 standoff between the Twilight Optimists and YMCAs. Billy Brown and Gary St. Ivary scored for the "Y" and Joe Carradonna kicked in both Optimist corners.

Eight games are on tap in the three divisions over the weekend, with two to be played this afternoon. The schedule:

Workers Named In Key Division Of UF Campaign

The lineup of workers in the United Fund's Industrial Employees Division—second largest fund-raising division in the 1963 campaign—was announced today by Robert Gengler, chairman. Section chairmen are: Manufacturing, James Marlow of A. O. Smith Corp., who has served two years as section chairman. Utilities, Edward Ablegate of the Illinois Power Co., chairman since the 1962 campaign. Building Trades, Roy M. Lynn, formerly of American Steel Industries, who has served the United Fund several years in the Commercial Division, is past-president of the Salvation Army Board and is now on its advisory board plus that of the Protestant Welfare Association. Transportation, William A. Coyle, a Wabash trainman, who is past-president and organizer of the Association for Aid to Retarded Children and served the United Fund in the Commercial Division since 1962. Labor Groups, Edwin P. Reiske, president of the Tri-City Trades & Labor Council and serving the United Fund in this capacity for the fourth year. Under Marlow will be 14 workers while the other chairman will work alone. His workers, also employed at A. O. Smith Corp., are: C. E. Blankenship, Guy Cooper, Ralph Drees, Britton Knight, John Lakin, Vernon Marti, Richard Orescovich, Ronald Poneleit, Eune Presley, Fred Niehagen, Jack Rodgers, Roy Scherger, Fred Schwartz and George Shewsbury. Blankenship was section chairman for two years. Marti and Orescovich have two years experience each; Poneleit, Rodgers and Scherger one year each. In the 1963 drive, Industrial Employees Division collected six-tenths of one per cent over its goal—a total of \$112,520. Individual sections last year collected the following amounts: Manufacturing, \$107,453 (100.3%); Utilities, \$45,454 (108.7%); Building Trades, \$404 (79%); and Labor Groups, \$309 (132.5%). Transportation is a new section for the 1964 campaign. The drive officially opens Oct. 15 with 17 local area agencies to benefit.

Colonial Design Goes Far Out

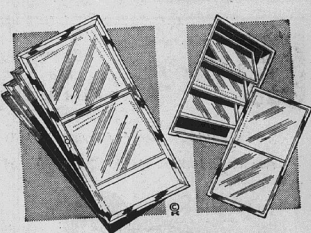

American ingenuity and the current trend for early American colonial design has gone overboard in every phase. GC Street Committee Problem—Three Big Purchases, Limited Budget

A problem went to Granite City council's Street and Alley committee—Monday night—low bids for two major pieces of equipment totaling \$18,668 were received while a budget for purchase of three pieces of equipment is set at \$15,000.

The street department wants an air compressor, a heavy-duty street sweeper, and a new street sweeper—all essential for maintaining efficient operation of the department, according to Street Superintendent Warfield.

Bids were opened Monday night for a highlift and a sweeper.

The highlift bids ranged from \$90,250 to \$114,400, while the sweeper bids ranged from \$9,643 to \$11,985. No figure has been set for the purchase of an air compressor and related tools.

Recommendations Pending

No action was taken on the bids other than to refer them to the Street committee, Chairman G. H. Sternberg said he would have "concrete recommendations" ready by the next council session.

Sternberg and the committee have been recommending lease-purchase over a three-year period in order that the equipment might be obtained now—when needed—and paid for over a period of years. He pointed out that an example that rental charges for an air compressor could total the purchase price in a matter of months. The city now rents that equipment.

However, a number of aldermen object to paying interest and point out the comptroller also does not favor such an arrangement.

The city plans to trade-in a highlift on heavy-duty machine. Sternberg explained that day

Hungry Burglars Loot Deep Freeze

Someone must have been hungry.

Marvin Perkins, 2201 Delmar avenue, is convinced of it. He told Granite City police at 1:45 p.m. Tuesday that thieves stole 10 to 12 beef roasts from his deep freeze in the basement. They weighed five pounds each. Perkins said the basement had been left unlocked.

Mrs. Perkins said the roasts were being saved for winter, after steaks and other meats were consumed. Some soup meat was left in the freezer, Mrs. Perkins said, indicating that the burglars were picky eaters or that the roasts were enough to satisfy their appetites.

Visitors were Bruce and Cathy Crown, Shelley Ford, Miss Sandra Edwards, Debbie McCord and Mrs. Charlene Sanders and son, Norman.

The remaining time was spent drawing and coloring pictures.

New Teen Center Opens In Eagle Park Acres

Cleveland Johnson, president of the Eagle Park Improvement Association, today urged parents of that area to inspect the new P & G Teen Town Lounge.

Johnson said the new teenage center, a private enterprise, opened three weeks ago in the building that formerly housed Harrison's Center.

The proprietors, he said, are trying to develop a wholesome place for teenagers and his investigation shows definite steps in that direction.

The establishment provides games, dances and refreshments, he said. It closes early in the evening so teenagers can go home at a reasonable hour, he said.

While the Girls Auxiliary was explained to the girls by their leaders. The groups then met together and Miss Jean Anderson led prayer. Promotion certificates were given out, and the graduates were presented with gifts by the leader, Miss Evelyn Barnes.

Primary Sunbeams who are advancing to the next level were welcomed. Miss Barnes gave a short explanation of the World Friends program, which is being given by Frances Welty, Patti Franklin, Danny Bug, Gary Ellis, David Freeman, Dean Olive, Janice Galle, Vonda Mayes, Becky Frith, Patti Hallway and visitors, Kathy Dowdy, D. J. Snider, Mrs. Dorothy Barnes, Mrs. Helen Wigger, Mrs. Eleanor Cook, Bob Lewis, Miss Barnes and her assistant, Miss Anderson.

Young Driver Fails In High Speed Test

"I couldn't have caught you if it wasn't for traffic," a Granite City policeman told a young driver of a fast sports car after returning him to the police station yesterday morning.

The youth was Alan R. (Lovin, 22, of Collinsville, who was told his car was traveling faster than 100 miles an hour before he was finally caught on Collinsville-Granite City road at Highway 111 at 10:20 a.m. Traffic on the highway forced him to slow down after the patrolman chased him along Edwardsville road and by the blast furnace division of Granite City Steel Co.

It cost Lovin a total of \$125, including fines of \$35 and cost on each of two speeding charges, \$25 and costs for failure to yield to a red light and siren and \$10 and costs for failure to wear his glasses while driving, a requirement which was noted on his driver's license.

GUESTS FROM INDIANA

Mrs. Louise Daniels, 2705 Denver street, had as guests the early part of this week her daughter, Mrs. Georgia Atchison of Frankton, Ind., and her grandson-in-law and granddaughter, Mr. and Mrs. James Connor of Elwood, Ind. The Connors and Mrs. Atchison were here to attend the funeral of Mrs. Juanita Bullock of Fairmont.

SUNBEAMS ADVANCE IN CEREMONY AT CHURCH

A special program was held at the World Friends Sunbeam meeting Tuesday afternoon at Second Baptist Church. A large world map covered with cutouts of children was mounted on the wall, and colored letters spelling out "World Friends" were suspended from the ceiling. Refreshment tables were decorated with the World Friends theme, and an open Bible and World Friends booklets were displayed.

Opening prayer was led by Frances Welty. The Royal Ambassador leader explained the Junior Auxiliary to the boys.

Fall Training To Begin For Cub, Scout Leaders

A fall series of cub leader and scout leader training sessions will open Tuesday evening, Oct. 1, at Dr. Leo Coleman, Univah district training chairman announced today. They are designed for all adults associated with cub packs and scout troops and are conducted twice each year in the district.

Cub leader training will be held at Central Christian Church, 2020 Johnson road. Each session will begin at 7:30 p.m.

The first session on Oct. 1 will be an orientation meeting covering the first three parts of cub basic training, conducted by Clay Breihan, district executive. Session Two on Oct. 8 will be "Planning the Cub Scout Program," with John Slay in charge. Session Three will be divided into training for men and women. Men will attend the "pack meeting" under Rex Bucking, training. The den mothers will take "den meetings" with Mrs. Marge Vrenick and Mrs. Harry Tongay in charge.

Final session on Oct. 22 will be another divided session with the men taking "pack management" under Kenneth Wood and mother-den mothers studying "Den Mothers-Den Chief Relationships," led by Mrs. Vrenick and Mrs. Tongay.

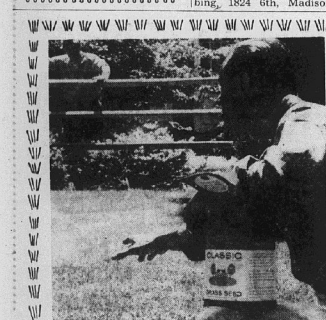

Boy scout leader training will be held at Dr. Coleman's residence, 2315 Grand avenue, beginning each evening at 7:30. Dave Parrish, scoutmaster of Troop 99, will conduct the first session, dealing with "What is Scouting?" and "Troop Organization." Dr. Coleman will lead the meeting on Oct. 8, covering the "Troop Committee."

An Oct. 15 session on "leadership" and "Meetings and Activities" will be conducted by Fred Huckle, scoutmaster of Troop 12. Otto Shelton, scoutmaster of Troop Six, is in charge of the Oct. 22 session on "How to Train Junior Leaders." The Oct. 29 session on "Advancement" will be led by Charles Rodell, advisor of Post 22.

The last session, on Nov. 5, "The Outdoor Program," will be under the direction of Ray Gaudette, scoutmaster of Troop 96.

Now—not spring—is the best time to seed a lawn

Sure, we sell a lot of grass seed in the Spring. But if you were to ask us what's the best time of the whole year for getting results, honey we would compel us to say—"add seed in late summer or early fall."

During these next few weeks everything is in your favor. Warm ground. Weeds on the wane. Good growing weather ahead.

And then if you were to ask us what kind of seed to plant we would give you an honest answer to that too. For a permanent lawn plant SCOTTS. It's all perennial. It's 99.9% weed-free. It makes the kind of lawn your neighbors will envy. Honestly now— isn't that what you want?

County Chairman Explains Wheat Planting Procedure

Farmers are being urged to get all the facts about the results of overplanting their wheat allotment before they complete their 1964 seeding plans.

Edwin C. Rothmeier, chairman, Madison County Agricultural Stabilization and Conservation Committee, said that apparently the wheat program is not understood about provisions of the wheat program in years when marketing quotas are in effect for the wheat crop. The county ASCS office, therefore, is making a determined effort to get accurate information to all wheat farmers this fall, so that their 1964 seeding plan may be made with full knowledge of continuing program provisions.

According to the chairman, the provision causing the most misunderstanding is the one under which the farm wheat allotment will be reduced in future years if the allotment is overplanted in 1964. The reduction in the future allotments results from the fact that the 1964 wheat acreage history for an overplanted farm will be established at a figure equal to the 1964 farm acreage allotment instead of the higher base acreage. (The base acreage is about 15 times the farm allotment.)

This provision is spelled out in the law. It has been in effect since the legislation was enacted in April 1958.

The provision concerns allotments, and it would still apply to the operation of the wheat allotment program whether or not marketing quotas were in effect for the wheat crop. The only difference would be that under a quota program, the producer with a wheat acreage larger than his allotment would have an opportunity to avoid the reduction in the wheat acreage history by storing the excess wheat or diverting it to the Secretary of Agriculture. This cannot be done when quotas are not in effect since no farm marketing excess is determined for any farm.

Rothmeier explained that provisions have been made for 1964 to continue giving producers who overplant their wheat allotment an opportunity to dispose of the excess acreage by the deadline date. In this way, producers may benefit by being eligible for price support (available at 50% of parity, as directed by law) and receiving the base acreage as 1964 history credit in the determination of future allotments. The disposal dates for the 1964 wheat crop will be the same as for the 1963 crop.

Summarizing the program provision, the chairman said that acreage is kept within the farm allotment (of 15 acres or more) will receive their base acreage as history for future allotments. Farms with wheat acreage in excess of the farm allotment of 15 acres or more will receive their 1964 allotted acreage as history.

Overplanting a 1964 wheat allotment would affect the 1965 and future wheat allotments; it would not affect the 1965 allotment since the 1964 acreage would not be available when those allotments were determined. Since the 1964 farm allotment is approximately 60% of the farm base, overplanting could have the net effect of reducing the farm allotment on such farm by 8 to 7% beginning with the 1966 allotment.

Eligibility for feed grain program benefits in 1964 is not contingent on staying within the wheat allotment for the signed farm, he explained. However, maintaining the normal acreage in conserving use under the feed grain program will mean that any planting of wheat in excess of the farm allotment on a complying feed grain farm would have to be at the expense of some other soil-depleting crop.

Mrs. Virgil Kynion Dies; Waitress Here

Mrs. Virgil (Gladys B.) Kynion, 35, of 2042 Iowa street, died of cancer at 11:35 p.m. Tuesday at Jewish Hospital, St. Louis.

Secretaries Board Plans Events

A board meeting of the Tri-City Chapter of the National Secretaries Association (International) was held Tuesday evening in the home of Dorothy Lawrence, president. Other attending were Doris Robinson, Jeannette Triant and Jane Davis. Shirley Henderson was elected to fill the office of treasurer vacated due to a recent resignation. Several members of the chapter are planning to attend a workshop of the Alton chapter Saturday at Hotel Stratford. Announcement also was made of another workshop Oct. 5 with the Danville chapter as hostesses group, and an NSA convention to take place in Cincinnati, O., Oct. 25-27.

An invitation was read from the Granite City Business and Professional Women's Club to a "coffee break" beginning at 8 a.m. Oct. 9 at the YMCA. The regular monthly meeting of the chapter will be held Oct. 3, the place to be announced later. The dinner meeting will begin at 6 p.m. and may be attended by secretaries other than those holding membership in NSA. Reservations are to be made with Mary Seidenbach, GL 2-1133. Two local attorneys, Terry Francis and William Brandt, are to be speakers. They will discuss "Wills and Estates."

40 Tour Sites In St. Louis

Forty local women members of the Homemakers Extension and their guests, had a sight-seeing tour of St. Louis Tuesday. Mrs. Janet Elliott, director of public relations, served as tour guide, commenting on the many places of interest along the route. After a visit to the Jewel Box and a walk through the rose gardens there, the group stopped at the Planetarium for a study of the stars, and at Cardinal Glennon Children's Hospital the group had lunch in the doctor's lounge. Mrs. Elliott spoke informally about careers and her experiences as a home economist and in sales promotion.

Pope Pius Library at St. Louis University was visited. Monofilament was explained, showing how it is made and read, and the entire library was toured, followed by a trip to the St. Louis Cathedral to view the mosaic tile art work. The return trip was made to Granite City by bus.

Prizes for the day were awarded to Mrs. Ray Hookstra, Mrs. Herbert Rapp, Mrs. Arthur Ringering, Mrs. William Guth and Mrs. Martha Kozuszek. Others in the party were Mesdames Clara Schillingen, Charles Buenger, Bertha Becherer, August Beckmann, Harold Miller, Abner Branding, Arthur Roman, Frank Pate, Catherine Niebur, James Lux, Mary Willis, Elmer Neumann, Ralph Rushing, Alvin Willard, Robert Braye, John Lerch, Don Kinney, Valerie

Oops! Will Mama have to pay for Freddie, too?

Supermarkets now stock just about everything, so it isn't surprising that Oscar the checkout boy wanders how much to charge for Freddie, who was found under the canned goods in the cart mother was pushing. It's doubtful if Oscar will find this infant terrible listed in our current price book, even the we stock over 5500 items, at everyday low prices. Also doubtful if mother wants to bail Freddie out. He will only get in more trouble. Seriously, Oscar is about to charge mother for three candy bars dear Freddie has partly consumed. Mother won't mind, tho, having saved so much money shopping during our September Dollar Days.

Missionary Circle Hears Reports

The Missionary Circle of the Gospel Mission met Monday evening in the home of Mrs. Benjamin Frost on Bryan avenue.

The meeting was called to order by Mrs. Alice McQuinn, chairman, and Mrs. Beth Davis offered prayer. Devotions were by Mrs. Woodrow Fowler.

News and letters from foreign and home missionaries were read, and new names were chosen for daily prayer for the month of October.

The lesson was given by Mrs. Kate Skinner. The topic was "Praying For and Kindness to the Jews."

Refreshments were served by the hostess, assisted by her daughter, Miss Cathy Frost, to Messrs. McQuinn, Ann Fowler, Skinner, Christine Hildreth, Myrtle Lazenby, Fern Hewlett and Davis.

ATTEND FLORESTA MEETING IN CHICAGO

Mr. and Mrs. Ellis Herring, 2015 East 23rd street, local florists, have returned from Chicago where they attended sessions of a floral design school.

Many of the new trends in floral arrangements, bouquets and Christmas decorations were explained and exhibited.

SENIOR CITIZENS, including members of the Kirkpatrick Homes Golden Age Circle, Senior Citizens from the YMCA and others from The Anchorage, who attended a pot luck dinner Tuesday at Kirkpatrick Homes Recreation

Hall to hear a talk by Rocco Sento on the organization of bowling teams for the groups. Approximately 125 were present.

GOSPEL MISSION WILL HOLD HOMECOMING

Homecoming day at the Gospel Mission, 2014 East 20th street, will be observed with a rally Sunday, beginning at 9 o'clock with the Sunday school. Every member is urged to attend with 100% in every class. A pot luck dinner will be

served at noon for the members and their families and at 2:30 o'clock in the afternoon there will be a program by the "Chaplain."

In the evening at 7:30 Rev. Buel Martin, a radio minister and former Granite Cityan, will deliver the sermon. Mrs. Beth J. Davis is superintendent of the Mission.

ENTERTAIN FOR SON'S BIRTHDAY

Mr. and Mrs. Earl Blenger, 2128 Lindell blvd., entertained guests at a family party Tuesday evening in honor of the first birthday of their son, Scott.

Present were Mark Blenger, a brother of the young guest of honor, his grandparents, Mr. and Mrs. Elmer Rittenhouse and Mr.

and Mrs. Charles Buenger, of Granite City, Mr. and Mrs. Robert Buenger and children, Paul and Leah, of Florissant, and Mrs. Lee Rittenhouse and daughter, Ruth, of Belleville.

Council Of Church Women Plans Program For Year

The annual business meeting of the Quad-Cities Council for Church Women was held Wednesday afternoon at St. Peter's Evangelical and Reformed Church. The meeting was opened with devotions by Mrs. Romie Branding, entitled "The Hands are Different."

Mrs. Estelle Monken, called the business to order and reports by Mrs. Ethel West and Mrs. Louise Brinkhoff were approved.

The major meetings of the year were planned.

World Community Day will be Friday, Nov. 1, and Dr. Theodore Van Dyck will be the speaker. World Day of Prayer will be Feb. 14 with a theme, "Let Us Pray," and May Fellowship Day will be May 3 at Niedringhaus Methodist Church. A local missions workshop is being planned again this year, the time and place to be announced.

A Southwest Fall Leadership Workshop will be held at St. Paul Methodist Church, Rosewood Heights, Nov. 13. There will be a registration fee of \$1.

Committees appointed were as follows: nominating committee, Mrs. Shirley Guest, AME Episcopal, Mrs. Frances Craddock, Central Christian, and Mrs. Adele Gregory, Namecki Presbyterian.

Membership, Mrs. Georgia Surbey, St. John United Church of Christ, Mrs. Avalon Young, Mitchell Presbyterian, Mrs.

Courses At Jr. High Explained

Principal Ralph P. Frohardt was the main speaker at the first regular meeting of the Coolidge junior high school PTA for 1963-64 Monday evening. Mrs. Giva Mae Spiceland, president, presided.

The meeting was opened with the pledge of allegiance and Miss Lucille Coulter gave the PTA prayer. The president introduced members of the executive board, and the teaching staff was introduced by Principal Frohardt.

Mrs. Lois Haynes, program chairman, gave the members forms on which they were to choose a type of project for the annual fund-raising program. She turned the meeting over to Frohardt, who explained courses available at the school and told why they are arranged in the manner followed. A question-and-answer period was conducted, with the parents participating.

Mrs. Spiceland announced a workshop will be held tonight at 7:30 at Marshall school for all PTA officers. It will be under the guidance of the Area PTA Council. She also announced that letters for the name of the school year will be installed soon.

Lewis Sabin, treasurer, presented the proposed budget and it was approved. Mrs. Ruth Matlock, membership chairman, announced there are 52 new members in the PTA unit.

Refreshments were served by Mesdames Elsie Wood, Betty Hamilton and Virginia Alford at the close of the meeting.

Next board meeting will be held Oct. 21. Since the members approved holding five meetings a year, the next regular meeting will be Oct. 28, with the following session in January.

Niedringhaus PTA Holds 1st Meeting

The first fall meeting of the Niedringhaus school PTA was held Tuesday evening at the school with Mrs. Edwin Seibold, president, in charge.

The invocation was given by Edward Nichols, and Boy Scout Troop 12, under the direction of Scoutmaster, presented the colors and led the group in the pledge to the flag.

Mrs. Joe Kemmerly, program chairman, introduced the speaker, Mr. Lee, who has been in the field of education for 36 years. His topic was "How to Measure a Child's IQ As We Know It Today."

An invitation was read from the Illinois Congress of PTA to a fall conference at the West Madison Memorial Center, Oct. 29, and another from the Granite City Area PTA Council to an area workshop at Marshall school this evening.

The special committee chairman reported and Mrs. Austin McClain, membership chairman, urged all parents to support and become active members of the organization. Announcement also was made of percentage posters to be on display soon.

Mrs. Louise Smith, Girl Scout representative, and Frank Drag, First Eicher, Scout representative, gave their reports and a motion was made and carried to have the PTA sponsor an Explorer Post for boys 14 or older. Mrs. Seibold announced an "apron walk" to be held at the October meeting, and Mrs. Kenneth McGee held a surprise auction with a lucky chair prize, a cake which was awarded to Mrs. Dorothy Kraft, second grade teacher.

Winners in the room count were Mrs. Lynn's first grade room and Mrs. Berry's fourth grade room.

Refreshments were served by the first grade mothers.

Hospital Group Gives \$2500 Check

The first fall meeting of St. Elizabeth Hospital took place Monday evening at the hospital with several invited guests and new volunteer workers present. They were Mrs. Rinda Johnson, Mrs. Peggy Fricker and Miss Sharon Johnson.

Mrs. Elvira Thurber reported on the proceeds from the coffee shop, the gift shop and the use of the TV sets, all of which are provided by the Auxiliary, and have been used for the maintenance department, the new dental laboratory, the hospital laboratory and the new class rooms.

A check for \$2500 was presented to Mrs. Francis, hospital administrator for further expenses. Miss Johnson, a registered nurse, who has just completed training under the sponsorship of the Auxiliary and is now preparing to serve her first year at the local hospital, expressed her thanks to the group for the assistance given her during the period of training.

A pot luck dinner party was planned for Nov. 3 at St. Joseph's Church hall, tickets for which can be secured from any Auxiliary member.

Cultural Program For Sorority

Xi Epsilon Chapter of Beta Sigma Phi sorority met last night in the home of Mrs. Jack Gave, 3021 Dale avenue.

The cultural program on the topic "How To Say It" was presented by Mrs. Rains and Mrs. Jack Tolliver.

A letter from the international office in Kansas City congratulating the chapter on its exemplar program was read by Mrs. Lewis Rains, president, and Mrs. Paul Ashford reported the success of the September social, a dinner at Nantucket Cove and browsing through Gaslight Square in St. Louis.

Mrs. Dolores Dorch received the prize for the evening. Others present to whom refreshments were served were Mrs. Leland Brackett, Mrs. Harvey Zelling, Mrs. Meale Harper, Mrs. Mike Lombardi, Mrs. Phil Tighe, Mrs. Ruth Stoyard and Miss Alice Holshouser.

The next meeting will be with Mrs. Dorch on Oct. 9.

WOMEN OF MOOSE PLAN PARTY

Women of the Moose, Chapter 247, met Monday evening with Regent Margaret Noonan in charge.

Mrs. Jennie Mihus and Mrs. Marian Lipscomb reported on the state convention which they attended in Peoria recently, and announcement was made of the coming "Christmas in October" party to be held Oct. 9. Mrs. Nina Bigley, Mooseheart chairman, will be in charge.

Refreshments were served to 34 members and prizes were won by Mrs. Gladys Marovich and Mrs. Noonan.

Shower Honors Miss Lois Jones

Miss Lois Lee Jones, who will be an October bride, was complimented Tuesday evening at a miscellaneous shower given in the home of Mrs. Georgia Miller, 2725 Ralph street.

The gift table held a large decorated bride's cake flanked with lighted candles. Present were Misses Carol Gibson and Carole Smotherman, the bride-to-be, and Mesdames Gerry Price, Margaret Will, Katherine Voss, Jeanette Holder, Marcella Lindsay, Rebecca Henley, Janet White and Judy Hinterser.

Miss Jones will be married to Raymond Meyenburg on Oct. 12 at Trinity Methodist Church.

Importance Of Phosphorus

Research conducted at the University of Illinois Carlinville Agronomy Field this year again confirms the importance of phosphorus to wheat production, says L. B. Boone, agronomist in charge of the studies.

On fields that had high nitrogen levels, potassium showed no effect and additional nitrogen showed very little response. Where no phosphorus was added, the wheat—Pawnee—made 42 bushels per acre. Highest yields—60 bushels per acre—came from plots treated with 20 pounds of phosphorus—46 pounds of P2O5—in combination with 10 or 30 pounds of nitrogen.

From the results of the test, Boone observed no superiority in types of phosphorus carriers. He supplied equal amounts of phosphorus in treble superphosphate—0-46-0, ammoniated superphosphate—7-28-14, monommonium phosphate—11-48-0 and diammonium phosphate—18-46-0.

In another phase of the research, Boone increased yields over 25 bushels per acre by applying 50 pounds of nitrogen to Monon soft wheat in the early spring.

Five recommended soft wheat varieties averaged 12 bushels more per acre than hard wheat varieties when given this spring nitrogen treatment. A yield advantage of this size can't be offset by hard wheat premiums, which seldom go above 14 cents a bushel.

These soft wheat varieties definitely have a greater capacity to respond to nitrogen application. In this test, nitrogen increased soft wheat yields 17 bushels per acre, while hard wheats made only seven bushels more per acre when treated with 50 pounds of spring-applied nitrogen.

Pastures Green Again

Recent rains have turned some pastures green again. But overestimate the value of these pastures. They may not be as good as they look. That's because grasses and legumes this time of the year do not have the high nutritive value they had earlier in the season.

High-producing dairy cows on late summer and fall pastures need all of the hay or silage they will eat along with regular grain allowances. It's also a good idea to add some high protein supplement feed to farm grains while cows are on pasture.

A grain ration containing about 15% total protein should be adequate. Slightly more protein might be needed if the cows on a heavy corn silage feeding system are not receiving hay. Feed the grain according to milk production and body condition of the animals.

A good grain feeding guide while cows are on pasture is to give one pound of grain for every 2½ to 3 pounds of milk produced by low-testing cows giving more than 50 pounds of milk a day. One pound of grain for every three to four pounds of milk will be adequate for cows giving less than 50 pounds of milk daily.

High-testing cows will need slightly more grain in relation to the amount of milk produced. For example, Guernsey and Jersey cows giving more than 50 pounds of milk per day should eat about one pound of grain for every 2½ to three pounds of milk produced.

Dairy cows respond best to good feeding early in their lactation. Therefore, cows that have calved recently should receive all the roughage they will eat along with the amount of grain their production warrants.

Advisory Committee

Dean Louis B. Howard of the University of Illinois College of Agriculture has announced the names of 41 agricultural and business leaders who will serve on advisory committees for the coming year.

In announcing the appointments, Dean Howard emphasized the key roles the committees play in helping the college keep abreast of agricultural needs in teaching research and extension. Committee members in this area are:

Edwin R. Lamb, Edwardsville, of the Producers Live Stock Marketing Association at National Stockyards, on the agricultural economics committee.

Joseph H. Heinmann, Brees, manager of the Clinton County Electric Cooperative, on the agricultural engineering committee.

Henry A. Longmeyer, Greenfield, livestock farmer and Paul E. Woodson of the Woodson-Fennwald Commission Co., National Stock Yards, on the animal science committee.

K. Starr Chester, Alton, of the Alton Box Board Co., on the forestry committee.

Speeding Charge

Darwin Freeman, 63 Venice Homes, was charged with speeding at Broadway and Market street, Venice, at 6:35 p.m. Monday. He posted his driver's license and was released until Sept. 30.

Smoke But No Fire

Madison Freeman rushed to the Violet Morrison home, a one-story frame house at 2116 Hildebrand, Cloverleaf Addition, at 3:20 p.m. Monday but found no fire. Smoke in the building was traced to the furnace.

the Nugent and Schapanski Orchards and Charles J. Tosovsky, Edwardsville, of the Home Nursery Greenhouses, on the horticulture committee.

Winter Barley Planting

Some farmers are planting

winter barley now; it should be seeded by the end of September for it to get a good start by winter.

If you're planning to fit barley into your small grain program, don't treat it as a poor land crop. Barley needs fertility

similar to that for wheat—plenty of phosphorus, but easy on the nitrogen, since it has a weaker straw than wheat.

Barley fits where oats and wheat are adapted. Like wheat, you'll get better yields by paying attention to cultural prac-

tices. Some tips for higher yields: Plant on time. Barley isn't as hardy as wheat, so plant it at least two weeks earlier.

Plant treated seed to fight off seedling diseases. Use clean seed so that you'll know you're not planting weeds.

Prepare a good seedbed. Depth and rate of seeding must be uniform.

Plant recommended, adapted varieties. Two of the best varieties here are Hudson and Missouri 5475.

Use correct seeding rates. If you plant on time, use six pecks to the acre. If you're late, add another peck per acre.

The normal date of the first 32-degree freeze in the fall for Madison county is Oct. 20. The probability of a freeze not coming until nine days later is 75%.

Granite City PRESS-RECORD
thurs., Sept. 26, 1963 Page 17

according to the Illinois Cooperative Crop Reporting Service. The chance of a freeze nine days earlier than Oct. 20 is 25%.

Generator Catches Fire
Firemen from the main station responded to an alarm at the Air Products Co., 2200 Monroe street, at 8:30 p.m. Tuesday after a generator caught on fire. The cause and damage were undetermined.

Gibson To Seek National Young Democrats Presidency

Granite City's "Mr. Young Democrat," Robert G. Gibson, this week announced his plans to seek the national presidency of the Young Democrats.

Gibson, 2828 N. Main road, is the national treasurer of the Young Democrats and holds the post of secretary-treasurer of the state AFL-CIO. He presently is in Chicago for a state Federation of Labor convention and will be joined by his family this week-end.

His role in the state organization of Young Democrats is that of immediate past president. He was in Washington, D. C., last week and had lunch with President Kennedy.

He plans to attend a seven-state midwest Young Democratic convention in Terre Haute, Ind., next month to prepare for the national convention slated for Dec. 12-15 at Las Vegas, Nev. Gibson, 36, was director of community services for the state AFL-CIO before being named secretary-treasurer in July.

Default Judgment
Against Local Deputy
Justice of the Peace Harry Hartman entered a default judgment this morning in a claim suit filed against Madison County Deputy Sheriff Tony Petrillo of Granite City.

The claim was filed in behalf of St. Luke's Hospital for non-payment of a \$355 bill.

Vandals Break Windshield
Ons Gault, 735 Twenty-sixth place, reported to Granite City police at 12:30 p.m. yesterday that vandals threw a large piece of concrete through the windshield of his 1960 automobile while it was parked in his yard during the night.

Generator Catches Fire
Firemen from the main station responded to an alarm at the Air Products Co., 2200 Monroe street, at 8:30 p.m. Tuesday after a generator caught on fire. The cause and damage were undetermined.

Lights Cigaret, Hits Car
Slight damage to the left rear fender of the parked car of John Large, 1914 Elizabeth street, Madison, resulted from a collision in front of his home at 2 p.m. Wednesday. Ervin Vertin, 912 Iowa street, Madison, who was trying to light a cigarette as he drove east on Elizabeth street, reported damage to the right front of his auto.

Woman Charged
Mrs. Theda Hubbard, 1939 Cleveland blvd., was charged by Granite City police with being drunk and creating a disturbance at 9:10 p.m. yesterday. She was released on \$22 cash bail today.

Vandals Cut Screen
Geneva Summers, 2825 Dale avenue, reported that a hole had been cut in the screen door of the south side of her house between 7:15 and 10:30 p.m. yesterday.

It's surprising how many people work overtime trying to make a dishonest living.

BRIDAL SHOWER HONORS
MISS JUDY SZUCS
A bridal shower was given for Miss Judy Szucs, 1626 Spruce street, Sunday afternoon at the Lincoln Place Community Center, 822 Niedringhaus avenue, by her aunt, Mrs. Mary Basarich, and cousins, Mrs. Judy Basarich and Mrs. Sally Basarich.

As the guests arrived, they were greeted by Miss Szucs' bridesmaids, her cousin, Miss Marilyn Szucs, and her twin sisters, Misses Maureen Szucs and Kathleen Szucs, with baskets decorated with flowers and ribbons. Each guest was given a favor, a satin heart box topped with white bells and lilies of the valley.

The gift table was draped with net and lace and held a bride doll in a bouffant lace dress and holding a bouquet of roses. The background was decorated with pink roses and greenery. The guest tables, held centerpieces with lilies of the valley, pink roses and orchids.

The refreshment table had a lace tablecloth and held a large floral arrangement with roses and lilies. The place settings were prepared by Mrs. Mary Szucs.

Prizes were awarded to Mrs. Ethel Jateff and Mrs. Gisella Nyers. Refreshments were served in buffet style. Assisting the hostesses were Mrs. Mary Gages, Mrs. Gladys Zukas and the bride-to-be's mother, Mrs. John Szucs.

Also present were Mrs. Parky, Mrs. Mundy, Mesdames Sandra Cowley, Mary Berio, Dolores Scaturro, Mary Gages, James Kideout, Anna Kuruz, Evelyn Moeche, Dena Lovachef, Blaga Stoyanoff, Mildred Guver, Ann Reznack, Grace McLaughlin, Janet Bogosian, Helen Doroghazi, Tom Worlen, Elizabeth Balai, Anna Mayer, Jo Basarich, Viola Brunley, Joia Petray, Joyce Jenness, Katherine Bogosian, Molly Sues, Ethel Jateff, Gisella Nyers, Ann Walsh, Julia Oros, Mary Sulrany, Ann Hamilton, Kate Wieser, Sharon Meyer, Dorothy Westbrook, Hazel Rollins, Ann Galgazy, Kay Basarich, Mary Dineff, Isabel Spiroff, Julia Yares, Emma Varzo, Mike Krisko, Ella Vizer, Theresa Petras, Gladys Zukas, Carol Bridick and The Dineffs.

MADISON COUNTY'S SEVEN JUDGES shared the head table as guests of the Tri-City Bar Association during a dinner meeting at which the judges reviewed the new court system effective next Jan. 1. Pictured, left to right, are City Judge Fred P. Schuman of Granite City, Alton City Judge I. H. Streeper, Circuit Judge Joseph Barr, Circuit Judge Harold R. Clark, Attorney William Beatty, who was the meeting chairman, County Judge Michael Kinney, Probate Judge Austin Lewis and Chief Circuit Judge James O. Monroe Jr. Schuman, Streeper, Kinney and Lewis serve as associate circuit judges.

A swordtail, a small fresh water fish of Mexico, is viviparous originated in Europe when the —producing living young instead old gill system was gradually eliminated.

The ladies' handicraft group met Tuesday afternoon and is continuing work on wall plaques. Designing of pictures and clay leaves was finished. Picture frames are being ordered, made of unfinished wood, and will be painted. The Canada club met and high scores went to Mrs. Emma Kalips and Johnny Martinez.

Harold Brown and John Birdsong will attend a national recreational convention at the Chase Hotel in St. Louis next week. Due to the convention, some of the center's recreational classes will be canceled next week.

MEET WITH BISHOP
The choir of St. Gregory's Apostolic Armenian Church met during the weekend in the presence of His Grace, Bishop Hrant Khatchadourian.

An executive body was formed, and those elected were: president, Emmanuel Ohanesian; secretary, Miss Sadie Hagopian; and treasurer, Janet Daraklan.

The executive groups met and decided to hold choir practice every Thursday at 8 p.m. at the church. Sixteen members were present.

A fish fry was held at the Bellmore Shopping Center during the weekend by members of St. Gregory's Apostolic Armenian Church.

Preparation of the fish was done by Mrs. Mary Haroian, Mrs. Angeline Hagopian, Miss Roxie Asadourian, Mrs. Mary Asadourian, Mrs. Mary Parsaghatian, Miss Vahag Hagopian, Edward Asadourian, Vahag Haroian and other members of the church.

BROWNIE TROOP 866 ELECTS OFFICERS

On Tuesday afternoon, Brownie Troop 866 held a weekly meeting at Nameoki school, opened with the pledge of allegiance and Brownie Promise. Judy Ronk was welcomed into the troop as a member.

An election of officers was held, and those elected were Mindi Sigite, president; Janet Shanta, vice-president; and Sue

Ellen Carbaugh, treasurer.

Following the business meeting, new members colored their dolls for "in and out" boxes, while the remainder of the troop sang scout songs. The meeting was brought to a close with the troop singing "My Name is Queen Mary."

Those present were Elizabeth Acosta, Denise Brase, Vickie Campbell, Cheryl Gertsch, Linda McDonald, Charlene Payne, Gail Price, Diana Smith, Cathy Warner, Linda Young, Julie Cowan, Mary Jackson and Joan Wachter.

County Heart Unit To Meet in Alton Monday

An organization meeting for the Madison County Heart Unit will be held on Monday at 7:30 p.m. in the Heart office, 1309 Washington avenue, Alton. Invitations have been sent to organizations asking them to send a representative to serve on the Heart Unit. Businessmen, physicians and nurses are urged also to attend, as well as any adult individual who is interested in participating in the Heart program, will be welcome.

PONTON PLAZA home construction, north of Pontoon road at the east city limits, shows houses in various stages of completion. The development which features an apartment house, also is to include a shopping center.

AT THE EDGE OF TOWN on Edgewood drive bricklayers are at work on a home in the 3200 block. Home construction is continuing in most of the newer subdivisions in and near the Quad-Cities but not at the rapid pace of several years ago.

What happens if you don't cash in your Savings Bonds when they come due?

You pay \$37.50 for a Series E Savings Bond and in 7 years and 9 months it grows to \$50.

But what if you don't cash it in? Fact is it keeps right on growing.

At the current interest rate, when it's 10 years old it will be worth \$53.66. At 15 years its value will be \$64.52. And at 17 years and 9 months, \$72.50.

There's no trick at all to letting your E Bonds work overtime for you this way. You don't even have to remember to renew them. The Treasury Department does it automatically.

And while your growing Bonds are making you richer, they're helping keep America strong in a world where

strength to stand up to the enemies of freedom is imperative.

Buy Bonds where you work or bank and see if you don't feel pretty good about it.

Important facts about U.S. Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money anytime
- Your Bonds are replaced free if lost, stolen or destroyed
- You can buy them where you work on the Payroll Savings Plan

Mrs. Randolph Doing Well in Recovery

Mrs. Joseph (Mildred) Randolph, widow of the former pastor of City Temple, is reported doing well in her recovery from injuries in an auto accident which killed her husband and 11-year-old daughter, Janice Renee, on Aug. 26 near Hayti, Mo.

Rev. Allen Randolph, her son who has taken his father's position at City Temple, said she is making excellent progress. He said both legs are in casts.

Mrs. Randolph was in Granite City Monday night to attend memorial services for her husband. She has since gone to Marion, Ill., to stay with her father, Rev. C. S. McGinnis, until the casts are removed—probably about five weeks.

The Randolphs were enroute to attend a general council session of the Assemblies of God at Memphis, Tenn., when the fatal head-on crash with a truck occurred.

The younger Rev. Randolph took over at the temple on Sept. 1 after deciding to by-pass his fourth year at the Bethany Baptist College in California.

Frederick Oldewurtel Expires In Hospital

Frederick H. "Holy Water" Oldewurtel, 61, of 3996 Lake drive, died at 8:35 p.m. Tuesday at St. Elizabeth Hospital after an illness of eight months. He was a patient there two weeks.

Born in Gillespie, he lived here 30 years and was employed as a millwright in the Granite City Steel Co. blast furnace plant. Survivors include his widow, Violet Beckey, a daughter, "Zeke" Oldewurtel Jr., of Granite City, and five sisters: Miss John (Anna) Beerman of Paulina, Ia., Mrs. Freda Blau of Chicago, Mrs. Edgar (Fannie) Unverzagt and Mrs. Oscar (Sophie) Eggers both of Dorchester, and Miss Tillie Oldewurtel of Springfield.

Services are listed in today's obituary column.

RUTH BIBLE CLASS BEGINS NEW YEAR

The Ruth Bible class of Calvary Baptist Church held its monthly meeting Tuesday evening at the home of Mrs. Hazel Brooks, 2852 East 28th street. Mrs. Brooks opened the meeting with prayer.

Officers were elected for the coming year, followed by a devotional by Mrs. Kate Stafford, and the meeting closed with prayer by Mrs. Emilee Taylor.

Mrs. Brooks and her co-hostesses, Mrs. Gusdie Heisman served coffee, pie and ice cream to Mesdames Mae Williams, Sue O'Master, Gerlie Woods, Goldie Ritchie, Dulcie Schepers, Ruth Conner, Eunice Taylor and Kate Stafford.

HOSPITAL TESTS

Roy Watson, 2410 Benton street, is undergoing tests at St. Elizabeth Hospital this week. Nature of the tests thus far includes x-rays and electrocardiograms. It is not yet known when he will be discharged to return to work at the Commonwealth plant by General Steel Industries.

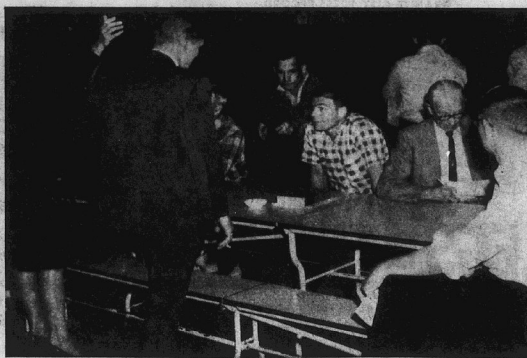

CUB PACK TO MEET

Cub Pack 124, sponsored by the Wilson school PTA, will meet tonight at 7:30 in the school gym with Cubmaster Jack Melton and a den mother, Mrs. Beverly Singleton. Melton and Mrs. Singleton are urging a large turnout of members and prospective members.

Edward Votaw is reported to be improved since entering St. Elizabeth Hospital Sept. 21. It

NEW WILSON PTA AWARD, a green and white satin banner, is to be used in conjunction with presentation of books to classrooms to encourage attendance at monthly meetings this year. Shown inspecting the pennant are the initial winners, third grade pupils of Mrs. Gilbert Singleton, With them are Mrs. Singleton and Principal Theodore Vrenick.

POST-MEETING DISCUSSION at Mitchell Tuesday night involves anti-parkers Dick Huff (checked shirt) and John Olbert (to Huff's left), park board candidate Bob Winfield (in suit, back to camera) and unidentified gesturing woman. Mitchell is to vote on creating a park district Saturday.

Girl Solos Twice On 16th Birthday

Lana Sue Midgett, daughter of Mr. and Mrs. Omar Midgett, Rural Route One, celebrated her 16th birthday this morning by flying her first two solos at Lake-side airport.

The girl, whose father operates the airport, flew a Piper Colt and a Cessna 172. Take-off time was at 9:30 a.m.

Deannery CYC To Meet At Sacred Heart Church

The Altos deannery of the Catholic Youth Council will meet at 8 p.m. tomorrow at Sacred Heart Church here. It was announced by Marvin Boyer of Granite City, deannery president. Officers for the new year will be elected and the council will prepare for a state convention Oct. 12 and 13 at Quincy.

way to a series of shouting matches.

Opposition Spokesmen

Chief spokesmen for the opposition were Mr. and Mrs. Short, Dick Huff of 265 Paradise lane, John Olbert of near Highway 67, and Don Adams, who gave an address of Post Office Box 84.

Most of the questions concerned technical points about the main fear of the opposition—"higher and higher taxes."

The candidates explained a park board may levy a maximum of eight cents per \$100 of assessed valuation of all property within the park district and that many districts have found it is not necessary to levy the full eight cents.

Olbert argued that many districts have gone over eight cents—Roxana, for instance, is at 13.4 cents per \$100 assessed valuation.

A check with the tax office at the Madison county courthouse in Edwardsville, however, showed that 55 cents of that sum is for bonds and interest which were approved by a public vote. The Roxana levy, therefore, is 7.9 cents per \$100.

Olbert, who reportedly owns a large tract of land, argued that the park district would include and zoned for heavy industry and firms might refuse to occupy the land if more taxes were applied.

"Industry Wants Parks"

George Warneke of 909 East Chain of Rocks road, replied that industry want parks and recreational areas. "They've been known to stay out of communities not civic-minded enough to have these things," he said.

Oney Allen of 509 English place said most industry is happy to pay its fair share of taxes to the community in which it is located.

Allen, who spoke frequently, attacked those who oppose additional taxation: "When you have something free, they'll be the first in line; ask 'em to spend a nickel and they're against it."

Supporters of the proposal have repeatedly maintained the average cost per family will be \$4 to \$5.

Allen asked Short who paid for the handbills. "Fifteen members," Short replied. "Members of what," asked Allen.

Short shrugged. One candidate, Presley, asked Mrs. Short if she had accepted money to work against the proposal. She said she had not received any money. "I'll answer that," her husband cut in. "Yes, but she hasn't received it yet."

Fire Siren Interrupts

Just then the town's fire siren went off and volunteer firemen—including several candidates—rushed to the fire house across the highway.

"They're working for nothing" someone yelled, pointing to the volunteers.

The call was to the home of Martha Streb, 77, of 2337 North street, who had been stricken ill. She was taken to St. Elizabeth Hospital.

When Mrs. Short asked how much the Mitchell Park & Athletic Association has spent, Breckner said \$26 for his taxes. He said the association has \$2000 it will turn over to the park board if the proposal passes.

Soon after the firemen left, the meeting adjourned and persons divided into groups for discussion and more arguments.

The district in question is bounded on the south by the township boundary line, on the east by Illinois Route 111, on the north by a line through the middle of township sections 20 to 23 and on the west by the Chain of Rocks canal.

Residents need not be registered in order to vote Saturday, but they must be 21 and have lived in the district 30 days; Madison county 90 days and the state for one year.

Consists were first introduced in France about the time of the French Revolution.

James P. Glickoff, manager of the Hollywood-Andrews Studio, was elected president of the Southern Illinois Art League, which is holding its 40th annual convention here. About 125 photographers are attending.

County Treasurer Peter Fitzgerald, a patient at St. Joseph's Hospital for five days, has been released after treatment and observation and says he will stay in the race for county sheriff.

Mrs. B. B. Jones and Miss Ann Jones have returned home after a vacation to California. In addition to the usual pleasant and interesting events of a vacation, this one had considerable excitement, as Mrs. Jones and Miss Jones were slightly shaken up in the wreck of their train on the North Western Railroad at Valley Junction, Wis., and later in California saw the wreck of the train which had killed the ladies reporter that the spectacle of the latter wreck was a very terrible one.

The flag-raising program yesterday on the school grounds of Mary's parish in Madison drew a large crowd which melted away in anticipation of the patriotic event long before it began.

As time for the program grew near, it became necessary to block off the streets in order to protect the throng that crowded the grounds and public right-of-way.

Mayor Dron gave an address of welcome, encouraging the citizens of Madison to make the patriotic American tradition.

Climax of the program came when the raising of the flag was taken by the entire assembly.

U. S. FAILURES THREATEN FUTURE OF OUR CHILDREN

To the Editor:

We have a household of boys and girls, all very young, who are our chief interest in this life.

Therefore, it frightens us and it angers us beyond description to witness the demonstrated inability of the Kennedy administration to analyze and to appraise objectively the threats to these children's future and the pursuit of happiness on this planet.

Similarly exasperating is the Kennedy administration's proven inability to take the type of effective action that will result in tangible and permanent advantage in vital matters.

The existing situation governing the last two and one-half years has become a matter of conscience with us to the extent that we rush to volunteer our personal resources, both moral and material, to help secure the elimination of these threats.

We wonder how many other parents feel the same anxiety. It is much more than that you think.

DOUBTS THAT BIBLE BRINGS INTEGRATION

To the Editor:

The pastor writing in the Forum Sept. 19 made an incredible statement on uniting all races. Let us get into this in the light and spirit of God when he said that wickedness of man was great in the earth.

The Bible tells of the building of a city and a Tower of Babel, which means confusion. Do we have confusion now? I ask you to be open minded and fair to the inspired word of God.

The Lord scattered them abroad upon the face of all the earth and they left off building the city. I think we had better stop integration before all of us are blown off the face of the earth.

Mr. and Mrs. Matt Seickhouse of Mitchell have returned from a two-week vacation trip through the southwestern states.

Mrs. Ann Burris, Mrs. Mary Randall, Mrs. Mabel Miller, Mrs. Merle Baker and Mrs. Decker attended a monthly board meeting of the Women's Missionary Union in East St. Louis.

Construction of the final strip of paving on the Oldenburg road is going ahead at a satisfactory pace and the entire new highway connecting Granite City and the cannal should be in use within a month.

Jewell Kircher has won another presidency. He is president of the Della Ice Cream Co. and last week was chosen president of the Mount City Stamp Collectors. He manufactures ice cream for a living and collects stamps as a hobby.

Officers elected by the Ladies Guild of the Methodist Church were: Mrs. Charles McMahon, president; Mrs. August McMahon, vice-president; Mrs. Louman Reynolds, secretary; Mrs. C. D. Smith, treasurer; and Mrs. Arthur Fry, chaplain.

Eighty pupils from the three grades of the Kerr Island elementary school, Venice, participated in their annual fall drive last week and gathered up 100 automobiles from the streets in that section of the city.

After the nails were picked up and the streets cleaned, they reached a total of 8875, which was 1002 more than the year ago. A little girl won the most nails from the streets—1586.

Capt. J. H. Gore said the nail drive has a two-fold purpose. It minimizes automobile tire hazards and also provides the pupils with excellent counting experience.

A crowd of 4000 attended Coach Byron Borchardt's "football school" Friday night at the Community high school gym. The regular game was played with an accompanying explanation of fundamental plays and rules.

The "white jerseys" coached by Borchardt, lost to the black jerseys, tutored by Assistant Coach Lawrence McCauley and Leonard Davis, 0-6.

Pirte's Wagner's baseball team, coached by Wagner, lost the game of the season against the Dupo Cubs 1-0. Ted Wagner pitched a two-hitter and his mates backed him with 17 safeties.

TAVEN OWNER DEFENDS SELF AND OCCUPATION

To the Editor:

In answer to the Sept. 19 writer, I am a lady of very high standard and I own and operate a tavern. I am, however, a member of the Christian Church and I am 31 years old.

During the 25 years of my marriage, I have never been great in the kitchen. I am a deprived, nor in any other way abused by my husband. So, I am not a "housewife" as you say. I am a "businesswoman" and I am a "tavern owner" as you say.

Our customers are hard-working people, merely trying to earn our living. We do not steal food from children.

If you think this business is illegal, then please allow me to show you the huge stack of receipts which I would like to see paid. They must certainly be illegal, too, which entitles us to a reasonable refund.

You must be very sure of your place in heaven that you have the right to judge us. Or have

Indirect Value To All If Mitchell Park Is Created

In issues like the proposed creation of a Mitchell park district, discussions often center on the cost and on services to be derived by each taxpayer.

Such information is pertinent, but it would be incorrect to view parks, schools or other governmental programs as helpful merely to those who participate directly. Because "no man is an island," because all within a community share much the same environment, it matters to everyone whether there are adequate recreational or educational facilities.

One does not have to directly use the services of a police department to be benefited by its existence. All Mitchell residents stand to gain from passage of Saturday's park district election, regardless of whether or not they have children.

Wedding Bells—And Army Bells

Wedding bells are breaking up that old gang of military men.

The draft deferment of young men who are married has prompted extensive editorial comment throughout the country, ranging from the whimsical and humorous touch to serious discussions of whether the government ought to encourage a further reduction in the already-decreasing average marriage age.

Happiest couples were those already married and exempted from military service. In the future, it will be too late to avoid deferment if wedding vows are exchanged after the postman has delivered the letter beginning: "Greetings. You are hereby ordered for induction."

Though providing a "dowry" in the form of extra incentive to "pop the question," the new executive order is not an unqualified blessing to prospective brides. It is expected to be an increase in the draft-eligible male aged 19 to 26 will have to decide in their own mind whether the chance to avoid military life played any part in his action or its timing.

And those men not inducted will miss not only the opportunity to serve their nation but also the training and experience, much of it valuable in civilian life.

A safeguard against depleting America's uniformed ranks is that the married will be inducted if they become so numerous that there are not enough single men left to meet the quotas.

Gains for society will include the encouragement to "maintain the family relationship." Undoubtedly a greater percentage of marriages would be saved if both partners were dedicated to making them succeed.

Progress Being Made Toward Venice Traffic Underpass

The possibility that the proposed Broadway underpass is still several years away is disappointing. However, it is encouraging to note that there has been substantial progress toward an agreement to pay 90% of the underpass cost, plus a still undetermined contribution by three railroads.

Related approaches, roadway extensions and highway construction are expected to boost the eventual cost beyond \$1 million, but the agreement to pay 90% of the underpass cost, plus a still undetermined contribution by three railroads, can justify financial participation because of the improvements in store for local, highway and rail traffic.

There would be a double benefit for the city, since it owns the nearby McKinley Bridge. If the cooperation developed so far can be maintained and expanded, perhaps the day can be speeded when all necessary funds have been pledged and the badly-needed grade separation becomes a reality.

You forgotten that God despises the self-righteous. The Bible says, "I believe in God with all my heart and soul, my prayers are as sincere and unselfish as those of any man in any profession."

My conscience is free. I have killed no man. Only God is responsible for life and death, and I do not profess to be God.

I only try to do unto others what I would have them do unto me. I would have them do unto me as I would have them do unto me.

PLEASE SIGN MY NAME. I AM PROUD OF MY SERVICE.

PAY RATES NEEDED MORE THAN CONVENTION FUND

To the Editor:

Are our aldermen servants of the people, or the taxpayers servants of the aldermen? I couldn't help but note in the Sept. 19 Press-Record how some of our aldermen voted regarding the humane officer's pay scale. Also, how they voted to okay the such convicts and expense allowance for sending aldermen to the conference of the Municipal League in Springfield Oct. 19-22.

A man on 24-hour call certainly deserves as much salary as a man on an eight-hour day. He works a week. He, too, deserves a living wage.

How can aldermen vote down an issue like this and then at the same time vote for a \$1000 expense allowance to attend conferences?

An increase to \$516 from \$481

Quad-Cities Ready For Whatever Changes Space Age Will Bring

Pleasant words were included in predictions for the Illinois Metropolitan Area heard during a Midwest Conference on Outer Space held at Grafton this month.

The combination of Illinois coal and industrial capacity and Missouri iron is regarded as a powerful stimulus to the economy in the coming years of the space age. Other factors cited were ability of workers in this area to adapt to new job skills and current lessening of the "competition gap" with other nations, where wage scales are moving closer to those paid in the U. S.

Conclusion was that developments both in space and on earth will bring about many changes, but that this area is one of the best-equipped anywhere in the U. S. to meet the tests of the future.

Regular exercise is the secret of long life.

Why Not Insist On Freedoms In New Nations We Finance?

As foreign nations gain independence, some of their governments conclude that their hard-won freedom is only a part-time matter—desirable before being attained but burdensome afterward to the political party in control. One such "burdensome" feature is press freedom, and the United States is doing little about it while footing much of the cost of the new regimes.

In Vietnam, censorship is strict and is designed to prevent the outside world from knowing the truth about developments there—particularly U. S. citizens who are contributing a million dollars a day to preservation of Vietnamese freedom.

In Pakistan, censorship is strict, but just as bad. Newspapers cannot publish proceedings of national or provincial legislatures unless specifically authorized. Yet newspapers must use all government press releases in order to avoid future suppression. The government thus can prevent disclosures of its own activities and can compel publication of its "one-sided" version of developments.

Americans, who have and are contributing so much money to bolster new nations, can and should insist that they stand by their—and our—commitments to freedom for their people. A weaker stand is unworthy of the country that has demonstrated to the world that government, if by the people, for the people is workable and the only fair system.

High Minimum Pay Cited As Keeping Youths Out Of Work

A law intended to accomplish something needs to be reviewed if the opposite effect results. Joseph T. Meek, head of the Illinois Retail Merchants, believes the minimum wage law is an example; instead of increasing the income of youths, \$1.25 mandatory hourly pay is keeping many out of work entirely.

The solution he suggests—lower pay for the first few months of employment—has logic because workers are less productive during the period in which they are learning a new job. He also opposes extra overtime pay for beginners.

"Many employers want to offer jobs to students and graduates out of a sincere desire to lessen the dropout and unemployment problem," Meek said in a Chicago talk this month. "They can't because they can't break even at present wage-hour figures in their already expense-plagued operations—even if they badly need youngsters for full and part-time jobs."

Meek said the country has to be realistic about standard wages, but it might be well to consider whether this country wants to pay what the market can afford, or face the peril of rising unemployment at the most formative period in life."

The retailers' official also calls for a second look by unions, some of which he feels have limits and specifications that discourage youths and their would-be employers.

Going fishing solves a surprising number of problems.

State Funds Earning Millions In Interest

State Treasurer Scott's policy of seeking bids on short-term deposits of idle state money is a refreshing contrast to the procedure of some past years, when financial institutions were allowed to use public funds without paying interest.

With the latest awards amounting to 2.75% annual interest on four-month investments, 3.25% for six months and 3.75% for a year, the millions of dollars are being earned. Along with the gain for Illinois taxpayers, an arrangement for pledging of government securities is providing banks and other financial institutions a potential spur to the economy.

As to the gentleman farmer, many financial and mental worries are real estate. Today, people are duped into financial stranglehold by fast-talking con-artists. Real estate salesmen or brokers are supposed to possess high business ethics, but are nothing more than legalized sugar-coating, lying parasites.

These persons are especially concerned about people elements that they squeeze out the last penny a man has saved to satisfy their own greedy appetites.

State laws are supposed to limit misrepresentation, but how can they be of much value when so many lack the education to understand the facts?

Fleeing of ignorant people must be stopped if we expect to have a decent society in which truth means more than just a word, where fulfillment of life is based on the living truth.

One of the most typical cases concerning present-day businessmen is that they calculate success in terms of the unbalanced ledger. They rationalize away all human hurts caused by their false promises—never once looking back and examining the moral issues involved.

Are we going to sit still and let the yellow-collared citizens be duped because of their ignorance, or are we going to rid our country of the kind of business that is good moral and humane practices?

What Industry Looks For Today In Selecting A Plant Location

By WAYNE A. JOHNSTON
President, Illinois Central Railroad
(Second in series)

It takes more than fancy brochures and hucksterism to be successful in attracting new industry to a locality. Heightened competition makes it more essential than ever that Illinois communities have something worthwhile to offer to prospective industry.

Executives making plant location decisions are faced with the job of finding the particular site which will provide their company with the most profitable environment for their operations. Consequently, leaders of local industrial development efforts must become well informed on recently available data on the essential and be prepared to provide it.

Particularly significant factors include: labor—skills, wages, fringe benefits, absenteeism, etc.—transportation facilities and service, availability and cost of raw materials or semi-finished goods, proximity to markets, served, attitude of community toward industry and suitable industrial building.

The degree of importance assigned to specific factors will vary from industry to industry. For example, high-cost firms may not be quite as concerned as others about labor or the production of lightweight products would not place as much emphasis on shipping costs as those producing bulky, heavy items.

Wages, Taxes, Attitude
An indication of the way Illinois businessmen view 12 Illinois communities at their plant locations was contained in a compilation of returns of a recent survey of 722 Illinois manufacturers made for the Illinois State Chamber of Commerce by the Research Institute.

A summary of evaluations is contained in the following table.

Location Factor	Favorable	Unfavorable
Access to raw materials	62.6%	7.3%
Availability of labor	66.3%	7.5%
Wage rates	45.0%	4.6%
Productivity of workers	45.0%	4.6%
Availability of organized labor	51.4%	24.0%
Transportation facilities	72.0%	16.4%
State business taxes	35.5%	33.3%
Community attitude toward industry	69.1%	6.5%
Community facilities (water, sewer, streets, etc.)	65.0%	10.7%
Business climate	63.2%	5.7%

(Varying percentages of respondents did not rate the factors in terms of the industry they were in. Consequently, the ratings do not add up to 100% in each category.)

This recent statement by Raymond J. Wilcox, president, Motor Wheel Corp., provides further insight into what industry looks for today in a plant location.

They were looking for a location which would put us in a position to better serve our customers who manufacture agricultural and industrial equipment and who need to build in a city with good facilities and with potential for high caliber labor.

"After visiting many cities, we found that Mendota best met the needs of the company. The geographic center of our agricultural and industrial wheel market. And the cooperation and help which we have received from the city and all of the people with whom we have had contact has been most gratifying. Motor Wheel looks forward to becoming a member of this fine, progressive community."

Water Service, Zoning
These examples of situations which have come to my attention recently provide an indication of the range of community factors considered essential:

1. One community nearly lost a new plant which would employ 700 people because assurances could not be given to the firm's executives that the local water utility would be expanded sufficiently to provide service to the plant.

2. After announcing plans to locate in a small mid-state community, a high-cost firm, the head of a "blue chip" manufacturer actually changed his mind and decided to locate in a larger city because of a lack of cooperation on the part of city officials in working out zoning and water main extension problems.

Jurisdictional Strife
3. Representatives of another firm plant which recently moved to a new community further consideration when it was discovered that the locality had a long record of jurisdictional disputes.

4. One company which had been located in a northern Illinois community recently left that locality entirely, along with 250 jobs, when unreasonable local zoning regulations prevented its expansion.

Industrialists are also interested in finding a plant community which will be a good place for their families to make their homes. It is what one noted Illinois industrial development authority said in response to a question posed by the Illinois State Chamber:

Role Of Environment
"The major weakness of the industrial development programs of local communities is that they fail to realize that to have effective and sound industrial development, the first have community improvement. Too many of our communities are 'vegetable' cities."

In short, any community not prepared to provide an attractive environment for the new industry is wasting its time by setting up an industrial program which will fail.

It is doomed to failure from the start.

Favorable factors being cited by those seeking to encourage industrial development in the Quad-Cities area are: progressive community attitudes, attractive residential areas, available sites, central location in the region, utility services, convenient transportation links, government cooperation, a pool of skilled and unskilled labor and the 10-point code designed to solve jurisdictional problems in construction work.)

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY
TIME IS NOW FOR FLU AND MEASLES SHOTS

Add Asian flu and measles "shots" high on the list of things to do this fall. Your health and that of your family this winter and next spring may depend on it.

Asian flu—the dread virus disease that has killed thousands of Americans since it first invaded our shores years ago—performs most of its treacherous work in cold, damp weather. The disease, characterized by respiratory discomfort, aches and fever for about a week, is especially deadly for people over 45; also, those with chronic heart, circulatory and kidney ailments and pregnant women.

These persons are especially urged to take their flu shots.

Pneumonia Threat
Even in healthy persons, the disease is a real danger. It is especially susceptible to pneumonia.

Measles—long considered a harmless childhood disease, looks really the number one child killer of any infectious disease. Many children who survive it are left with some degree of blindness, deafness, mental impairment, and even death.

To guard against the measles, all children under the age of 15 should have measles shots. All children nine months of age or older without a history of the disease should be vaccinated—NOW.

Three types of measles vaccine are available to your physician:

Types Of Vaccine
The "live" type induces immunity in a single dose for long periods. Its only drawback is production of fever and slight measles-like rash in many cases.

"Killed" vaccine is administered in three doses at monthly intervals, with periodic boosters—to maintain immunity. It produces virtually no side effects.

"Mixed" vaccine combines the other two types for maximum immunity with minimum side effects.

All three types of vaccine are effective. Which one is right for your children? Only your doctor can decide.

GCBS Sophs Defeat Belleville 27-20 In Grid Opener
Granite City high school's sophomore club opened an eight-game football schedule at home Monday night with a hard-earned 27-20 win over Belleville. Scoring once in each quarter, the Warrior sophs trailed at one point 7-6, and the game was tied twice at 13-13 and 20-20. Tim Hackney's 25-yard pass to end Dana Lakatos produced GC's first quarter score. Halfback Ricky Turner got the second TD on a 25-yard sweep in the second period. Halfback Len Revell counted twice in the second half on runs of 17 and 13 yards, the clincher coming with two minutes to play and breaking the 20-20 deadlock. GCBS sophomores will travel to Collinsville next Monday afternoon.

THREE FOOTBALL WARRIORS got verbal pats on the back this week for their offensive and defensive play in Granite City's 14-0 win over Madison last Friday. Coach Jim Morrison and his staff picked center Mike Rousseau (left) for outstanding offensive effort against the Trojans, and guard Ernie Kern (center) and fullback Bob Pyle (right) for the "Chuckles Axe Murderer" award, a defensive citation. Pyle's top "defensive" maneuver was a 68-yard touchdown run with a recovered fumble, and Kern made 13 tackles.

Wheelbase comparisons show 108 inches for the Corvair, 110 for the Chevy II, 115 for the Chevelle, 119 for the regular

1964 CHEVROLET new Impala Sport Coupe now on display at Mathews Chevrolet Co. showrooms, 1511 Niedringhaus avenue. Five lines—the Corvair, the Chevy II, the newest line Chevelle, the regular Chevrolet and the Corvette, all are on display.

The Corvette continues the design of its two Sting Ray models, the convertible and the sport coupe. Improvements include new variable-rate front and rear springs.

Extended lubrication again is featured for all Chevrolets. Recommended chassis lubrication is every 6000 miles or six months and engine oil change every 6000 miles or 60 days.

The Corvair, now in its fifth year, has a convertible and club coupe for seven models in four series—the Monza Spyder, Monza, 700 and 500 series plus two sports wagons.

All Corvair models will feature a new larger displacement 164 cubic inch engine retaining the six-cylinder, air-cooled design. A V8 engine will be offered for the first time, along to 110 to 150.

City Awards Contracts For Curb, Sidewalk Replacement

Separate contracts for the removal and replacement of broken curbs and removal and replacement of broken sidewalks for both curb and sidewalk work were awarded Monday night by Granite City council members.

The bidders were Tom Skerle and Ellsworth Concrete Co., both of Granite City.

Skerle was awarded the city contract for curb work on his low bid of \$4.02 per lineal foot. Ellsworth bid \$4.10.

Ellsworth was awarded the contract for sidewalk work on bids of 63 cents a square foot for four-inch sidewalk replacement and \$5.85 a square yard for six-inch sidewalk pavement at driveways.

Skerle's sidewalk bids were 67 cents a square foot for four-inch and \$7.10 a square yard for six-inch.

Alderswoman Mrs. Gabrielle Bettine objected to a suggestion that the city have a continuous program for replacement of defective curbs and sidewalks.

The city's liability insurance company also has been pressing for repairs under its agreement with the city that the city have a continuous program for replacement of defective curbs and sidewalks.

Sternberg reported the Street and Alley committee had turned down a request for a 45-foot driveway in front of Mathews Chevrolet Co. in the 1300 block Niedringhaus avenue.

Because the council will not meet in regular session until Oct. 7, permission was given the committee to work out a suitable solution to the driveway problem assisted by the superintendent of streets.

Sternberg said the auto dealer plans to pave the alley between his old and new buildings from the sidewalk along Niedringhaus avenue to the entrance at the J. C. Rant Bottling Co. garage.

Prior to Monday night's session the City Plan committee met with Atty. Randall Robertson and Engineer Edward Jones to go over the platting and the drainage. The city also plans to connect a drainage line from Cloverview onto the Pontoon Plaza trunk, which is to be installed by the developer.

Current plans are for the drainage water to go to a nearby slough. Eventual runoff is the concern of the council, since in past years there have been complaints of Granite City's surplus drainage flowing into the Pontoon Beach area and causing problems there.

The city received a notice from the City Planning Commission, headed by David Morgan, that plat for four lots at R-5 multiple dwelling units had been approved at the July 11 meeting of the commission.

Nameoki Town Board Studying Fund Audits
Nameoki town board members met in a brief session Monday evening during which copies of township accounts audits prepared by George Naylor, St. Louis CPA, were distributed.

The audits of all township accounts are to be studied for discussion at the Oct. 7 session.

Supervisor Harry Briggs presided at the short session, during which it was noted the township has yet to hear from the Federal Housing and Home Finance agency on its sanitary sewer planning fund application.

They also discussed possible attendance at the Township officials state meeting to be held in Springfield about mid-October.

Straube Divorce Suit
William C. Straube, former mayor of Edwardsville, has filed suit for divorce against his wife, Mrs. Betty Straube, in Madison county circuit court at Edwardsville. He charged desertion. They were married April 16, 1952, and separated March 1, 1960.

Expect great things from Chevrolet again-for '64

Today...Jet-smooth Luxury '64 CHEVROLET

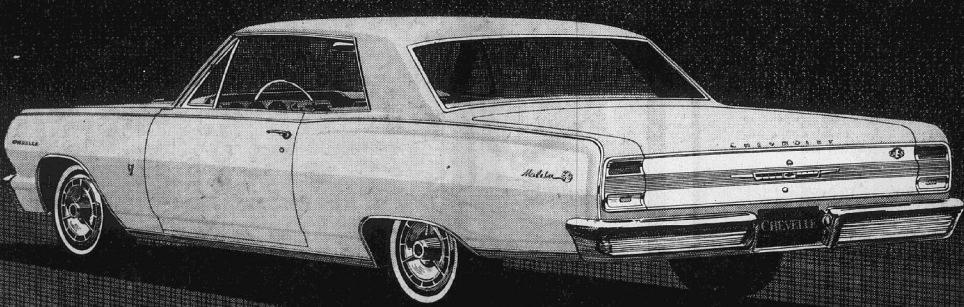

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats

as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just

luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delco-

tron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that's entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior of its Body by Fisher gives you a generous

supply of passenger and luggage room. The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp

V8 (optional at extra cost). Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (This good-looking Malibu Super Sport maybe?)

\$2 Million State Aid To Quad-City Schools

Quad-City schools received \$2,049,468 or nearly a third of the \$6,609,372 state school aid sent to Madison county for the 1962-63 year, it was announced this week by State Supt. Ray Page, who certified \$174,720,800 as the total for amended claims throughout Illinois. Of this, \$91,074,791 has been paid and the balance will be forwarded in six monthly installments. Granite City is to receive \$1,564,233, Madison \$451,546 and Venice \$33,686. Amount of the claims is based on average daily attendance and assessed valuation; the state foundation level is \$252 a pupil. The claim total proved to be 4% lower than estimates submitted by schools in the state last January. In a separate report, Page said \$8,097,488 reimbursements went to districts for part of their transportation costs in 1962-63, based on number of miles traveled and number of pupils transported. Madison county's share was \$236,824.

City Will Pay Sick Leave Until Policy Is Set

Stopgap measures were taken Monday night by Granite City council members to provide pay for ill or hospitalized city employees until a definite sick leave policy is prepared by a special committee. Alderman Paul Rutledge, chairman of the special committee, said the city now has five employees in need of sick pay and suggested the city forego its previous action to halt such pay until the sick leave policy is set. He explained the clampdown is resulting in hardships for city employees. One is hospitalized, another was released from the hospital last week, two were off several days due to illness and another has applied for pay while off two days due to a brother's funeral. Mayor Davis pointed out that in the past, city employees were granted as much as 30 days pay due to illness. Rutledge said it would take "quite some time" for the committee to complete its work and submit a recommendation to the council. The aldermen voted unanimously for the five workers to be paid and for the past practices.

Twilight Optimists Learn About 'ZIP'

Theodore Overbeck, Granite City postmaster, spoke to the Twilight Optimist Club on the new ZIP Code system Monday night at the Rose Bowl. After the talk, he and Arthur "Pete" Metcalf, the newly-appointed assistant postmaster, answered questions about ZIP Code. Both are past presidents of the organization. Local ZIP Code number, they emphasized, are: 62040 for delivery from post office boxes in the main office; 62042 for delivery from the Kate street station and 62043 for boxes at the Namok road station. They urged all persons to use the code numbers in return addresses. The club also discussed thoroughly plans for the annual Christmas tree sale. The location will be between the new post office and the main fire station in the 2900 block of Madison avenue.

**The '64s from Ford are here:
The Year of the Test Drive starts today!**

Ford cars have changed. Only a test drive can tell you how much. Races and rallies, economy runs, braking and acceleration tests have bred into our 1964 models the kind of total performance you just can't create on the test track alone. They are hard-muscled, fast-moving, sure-footed. Open competition helped make them that way. They offer you substantially more car than anything at their price. You don't have to take our word for it. We're willing to rest our case on our cars.

1964 SUPER TORQUE FORD
Strongest, smoothest, steadiest car in its field—by hundreds of pounds... More steel in frame and suspension... Unique suspension lets wheels move backward as well as up and down to flatten bumps... Distinctive new rooflines.

1964 FAIRLANE
Unique combination of family-size room, sports car feel and moderate price... Optional 288-cubic-inch V-8 so lively it was adapted for famous Cobra sports car... Five engine choices, six transmission choices, eight different models.

1964 FALCON
All new except the economy that made Falcon famous... Falcon's six still holds all-time Mohl Economy Run record for Sixes or Eights... Flashes ride ever built into a compact car... 14 models—plus 5 extra-duty wagons.

Taking Children To School

Auto Club Says Parents Can Be Threat To School Safety

Parents of school children can be a serious threat to traffic safety, without realizing it, according to the Automobile Club, Illinois Division.

Stanley M. Keesling, safety director of the club, stressed that parents who drive children to and from school can be serious traffic hazards around school buildings and school bus stops where there is a heavy concentration of child traffic. This situation occurs mainly on rainy days when poor visibility is an additional hazard; but the offenders can also be found on clear days.

Among the dangerous practices observed among some parents include loading or unloading children on the opposite side of the street.

Alderman McGee And City Engineer Meet

There was a meeting of Sixth Ward Alderman William McGee and City Engineer David Johnston after Monday night's Granite City council session.

McGee had remarked during the Sept. 16 session that he had been an alderman 4½ months and had never seen or been introduced to the city's engineer from East St. Louis.

Johnston approached McGee after the meeting and introduced himself.

Most city officers were present at Monday night's meeting, including Controller John Doher, Fire Chief Elijah King, Police Chief Raymond Willard, City Building Inspector Earl Bloomquist, Supt. of Streets William Warfield, City Clerk A. L. Stevens, City Treasurer Ernest Rich, City Atty. George Filcoff Jr. and Johnston.

Former city officers in the audience included retired treasurer Frank Sappington and retired superintendent of streets Cleve Curtright.

Mind And Mouth Bring Out Comment

A caustic comment was overheard this week by a Press-Record reporter on a lunch hour.

Two men seated at a lunch counter were discussing the verbal ramblings of an acquaintance.

"It's all right, though," one remarked, "after his mind catches up with his mouth."

Census Bureau Will Survey Commuters

Americans' commuting habits will be subject of the Census Bureau's October quarterly household survey, it was announced today by Director Theodore F. Olson of the Census Bureau regional office at Chicago. Questions will be asked of selected families locally and in 354 other sample areas throughout the country during the first ten days of October.

Household members will be asked the distance to their work, how they travel and how long the trip takes. If they go by automobile—carpool or alone—they will be asked what all-day parking facilities they use, whether on the street, off-street free, or off-street for a fee. Other questions cover availability of public transportation.

Inquiries about out-of-town trips, destination and means of travel will also be made in the October Quarterly Household Survey. Both the home-to-work and the out-of-town travel surveys are a part of the 1963 Census of Transportation, in which the Census Bureau is assembling data on all phases of transportation in the United States on which information is not already available from other sources.

In addition to the travel questions, the October survey will obtain facts about expenditures during the third quarter of 1963 for residential alterations and repairs.

Census Bureau interviewers will visit local families in the October Quarterly Household Survey.

10 Safety Rules

Ten rules for parents who must drive their children to and from school are suggested by the club—

1. Drive children to and from school only if absolutely necessary. Going to and from school on their own can teach children self-reliance and better prepare them to meet other everyday situations.

2. Wherever possible, pool rides with neighbors to reduce the number of cars going to and from the school area.

3. Have a designated location to meet your child. This should be on the school side of the street, away from the crosswalk or corner and, if possible, on a different side of the school building from that which the pedestrian children are using.

4. If possible, arrange with the school principal to dismiss children with rides and those who walk from different sides of the school building. Or, dismiss one group slightly earlier than the other.

5. Do not double park.

6. Avoid the necessity for driving your child to school because of a late start. Get him ready in plenty of time so that he can walk or take the school bus.

7. Use more than ordinary caution when approaching a school.

8. Have your child sit on the seat—preferably using a seat belt.

9. Lock all doors. Children can be taught to do this for themselves.

10. Know and have respect for all traffic laws and school regulations. Their observance contributes to your child's safety and training."

Wm. Tomlinson Serving With Helicopter Squadron

William Tomlinson, chief aviation structural mechanic, USN, son of Mrs. Minnie Tomlinson of 2304 Kirkpatrick Homes, is serving with Helicopter Squadron Nine at the Naval Air Station, Quonset Point, R.I.

The squadron recently returned to Quonset Point following a Midshipman Cruise aboard the aircraft carrier USS Essex. While on the cruise members of the squadron had an opportunity to visit Halifax, Nova Scotia; Bermuda and New York City.

Beginning Tuesday, October 1 YOU CAN SAVE MONEY with a Bi-State Transit System \$12 MONTHLY TRANSIT PASS A REAL TRANSPORTATION BARGAIN!

\$12 Monthly Passes Are Good for Unlimited Riding on All Local Service Transit Lines Within The "Central Fare Area" Of District of Issue WITHOUT PAYMENT OF ADDITIONAL FARE.

ALSO—Good outside "Central Fare Area" in District of issue upon payment of applicable zone charges.
ALSO—Good on Express, Rapid or certain special services upon payment of difference over basic fare.
ALSO—West District passes will be good in East District, and vice versa, upon payment of 10¢ when boarding vehicle in other District.

***CENTRAL FARE AREAS:** WEST DISTRICT PASS: Generally, City of St. Louis. EAST DISTRICT PASS: Area within about a 6-mile radius of downtown East St. Louis, comprising, generally, all of East St. Louis, Tri-Cities on the north, Edgemoor on the east and Chalkoia on the south. Bridge fares to St. Louis included.

MOTORISTS:—You know how much it costs you to drive and park your automobile. You can buy the \$12 Monthly Transit Pass for much less than it costs to operate and park your automobile—and you get extra rides besides.

REGULAR TRANSIT RIDERS:

If you now take as little as 10 rides a week at 25¢ a ride, you are spending \$11 a month, (22 weekdays, average month): For only \$1 extra, you may take an *unlimited number of extra rides* and enjoy the simplicity and convenience of the pass form of fare payment.

If your fare is 60¢ a day for central area rides, you would spend \$13.20 in an average month, as compared with \$12 for the pass—an immediate savings, *plus unlimited additional rides at no further cost.*

Savings for other fare combinations and riding patterns are shown in the examples at the right.

EXAMPLES OF SAVINGS BY USE OF THE \$12 MONTHLY PASS

The following cost comparisons between cash-fare riding and pass-usage are based upon 60 rides per month. Both costs contain all applicable zone charges and are based upon the new fare rates going into effect on October 1.

Love-Hochuli Engagement

Mr. and Mrs. Manfred Hochuli, 4125 Braden avenue, are announcing the engagement of their daughter, Miss Margie Hochuli, to Harold Ray Love, a son of Mr. and Mrs. Harold Love, 2721 Myrtle avenue. Wedding plans are indefinite.

Both young people are 1963 graduates of the Granite City high school. The bride-to-be is employed as a secretary at International Shoe Co. and her fiancé at McDonnell Aircraft Corp., St. Louis.

PEO Meets At Coolidge Home

Meetings for the season were resumed Monday evening by Chapter HT of the P.E.O. Sisterhood when the members were entertained in the home of Mrs. George Coolidge, 2119 State street.

Mrs. Richard West, president, conducted the meeting and in keeping with the theme for the year "Doorways," Monday's topic was "Doorways to New Experiences," including vacation reflections by the members.

Eleven were present and plans were made for the next meeting Oct. 14 in the home of Mrs. David Maston, 30 Oaklawn drive.

FORMER RESIDENT HERE

Melvin G. Cariss of Bellevue, Wash., who was here to attend the funeral of his brother-in-law, Fred T. Beisner of Troy, returned Monday to his home. While here he visited his mother, Mrs. Ada Cariss, 2418 Anchorage avenue, his sister, Mrs. Beisner, and other relatives and friends.

CENTRAL GIRL SCOUTS ORGANIZE PATROLS

Girl Scout Troop 145 divided into patrols during a meeting Tuesday afternoon at Central junior high school. First-class badge requirements also were discussed under the leadership of Mrs. Louellanne Edwards.

Patrol One will consist of Vickie Antonopoulos, Debra Burnett, Patti Nowicki, Sharon Smith, Cheryl Fuchs and Brenda Johnson, while Patrol Two members are Wallene Jones, Beverly Perkins, Mary Perdue, Pamela Bird, Carla Rude and Suzanne Brannell.

COL. KETRING VISITS PARENTS HERE

Col. Eldon Grant Ketrings was a guest this week of his parents, Dr. and Mrs. W. Howard Ketrings, 3173 Carlson avenue, after attending a convention of Air Force medical men in San Francisco.

Col. Ketrings, an orthopedic surgeon in the U.S. Air Force, is chief of the surgical staff at the base hospital in Tachikawa, the largest air base in Japan. He and his family have been stationed in Japan the past two years.

CLYMER-COTTER BETROTHAL IS ANNOUNCED

Announcement is made of the engagement of Miss Betty Clymer, a daughter of Mr. and Mrs. Robert Adams of Mt. Olive, and Gary Cotter, a son of Mrs. Byron Cotter, 1701 Sycamore avenue, and the late Mr. Cotter. Plans are being made for a spring wedding.

MARRIED RECENTLY. Mrs. John H. Parks Jr., whose wedding took place at St. Elizabeth's Roman Catholic Church, a daughter of Mr. and Mrs. Peter C. Ferro, Rural Route One, the bride is the former Diana Lee Ferro.

Explorer Scout Tells Rotary About Jamboree

Gene Sternberg Jr., a senior at Granite City high school and an Explorer Scout, reported Tuesday at the Granite City Rotary Club meeting on his trip to the 11th World Scout Jamboree last month at Marathon, Greece.

He was among 629 scouts and leaders from America organized into 16 troops which toured England, Switzerland, Italy and Greece on the way to and from the Jamboree. About 75 free nations were represented at the event.

Sternberg was presented by Gene Coe, executive of the Carhokio Mount Council of Boy Scouts.

A guest at the meeting was James Payne, former member of the local club who was en route home from his California home to New York.

Legion Post, Auxiliary Conduct Joint Meeting

The first in a series of joint meetings of Tri-City Post 113 of the American Legion and its Auxiliary was held Tuesday evening at the post home beginning with a dinner.

The meetings are being held to produce better understanding, cooperation and coordination between the two organizations.

Only Legion matters were discussed. Donald Short, junior vice commander, announced that a Columbus Day dance will be held Oct. 12. Joseph Gottfried commented on what the Legion has to offer veterans of world war II and Korea.

Donald Cooper, senior vice commander, reported that the membership for 1964 currently is 81, an improvement over the mark last year at this time.

Among guests were Fred Honerkamp, Madison-Bond county commander; Kenneth Hinson, county adjutant; Fred Kirk, wick.

Student Bus Tickets Go On Sale Today -- \$1.50

Revised bus fares for students in Illinois school districts will become effective next week. It is announced by Bi-State Transit System. A notice to this effect was given this week to all senior, junior high and elementary schools in Illinois served by Bi-State.

Former school rates, which have varied by districts, will be replaced uniformly by a new \$1.50 10-day weekly ticket or a new \$2 weekly pass, at the option of the student.

The \$1.50 ticket is a punch card good for 10 rides during the week in the district of issue, Mondays through Fridays from 6 a.m. to 6 p.m.

The \$2 pass is good for unlimited riding during the week in the district of issue, without payment of additional fare, between 6 a.m. and 6 p.m. Mondays through Fridays. At other times during the week, including nights and weekend, the pass may be used as a permit for five cents a ride, plus any applicable zone charges.

Student bus riders who do not have a weekly ticket or pass will be subject to the regular cash fares, effective Oct. 1, which will be 15 cents for those under 12 years of age and 25 cents for those over 12.

The sale of student tickets and passes for the week beginning Sept. 29 will begin today. In all districts, the Granite City district except Belleville and East St. Louis, they will be sold each week by the schools and Bi-State Transit will make a five-percent allowance per ticket or pass to the schools in order to defray administrative costs of handling.

Dohy outlined the activities of the Chamber, noting: "The Chamber of Commerce is the most publicized but least known organization in town."

He said the organization is composed of business and professional people who strive to make the community a better place to live, work and transact business.

In commenting on various committees, he said the Chamber's Real Estate committee has determined the local development has been stymied by the lack of a sewage treatment plant and an adequate drainage system.

William Herman reported that additional receipts from advertising in the club's Bow Line Boat Races brochure are still to be collected from local businesses. Eugene Fry, president, presided.

Weddings last for seven days in Morocco.
